30 KILLED--3 TRAINS IN 2 COLLISIONS

FEARS

Of Floods Throughout Ohio Are Dispersed by Fair Weather

ALL RIVERS ARE NOW FALLING

Only Point For Uneasiness In Muskingum Valley

RECEDES AT ZANESVILLE

After Reaching a Crest of 24.8 Feet Which Caused An Overflow of the Lowlands—Scioto River Flood Crest Below Chillicothe But North of There It is Falling Rapidly.

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 29.—Fair skies and falling rivers today dispelled flood fears over Ohio.

Weather Forecaster W. H. Alexander declared the situation is "decidedly improved everywhere" with slight cause for uneasiness only at points on the extreme southern part of the Muskingum valley. McConeville today reported a river stage of 24.2 feet, which caused overflow of lowlands and drove out a few residents of rural districts. At Zanesville the river was receding after reaching a maximum of 24.8 feet, only two inches below the danger mark.

The Scioto river flood crest was below Chillicothe and at all points north of there it was falling. It reached 13 feet at Columbus, a drop of seven feet since the critical stage Monday night.

Showers predicted in the western part of the state for late Thursday were considered almost a negligible factor in further flood danger.

AT ZANESVILLE.

(ASSOCIATED PRESS TELEGRAM)
Zanesville, O., March 29.—The flood danger in the Muskingum valley has passed. The Muskingum river, in the lower pool, is stationary, and is rising very slowly in the upper pool, above the Licking river confluence. A further rise of a foot in the upper pool is expected, but this will not cause any damage. Only people in the extreme lowlands have been affected and not more than a dozen houses are surrounded.

DANGER AT CINCINNATI.

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, March 29.—The Ohio river will pass the danger mark of 50 feet some time tomorrow night, according to a report issued by the weather bureau here today. The river at noon today was 45.7 and rising rapidly. With continued rains which are predicted the river may reach 63 feet, the forecaster announced.

AT PITTSBURGH.

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Pa., March 29.—Pittsburgh is having its first flood of the year today. The swollen Allegheny and Monongahela rivers passed the danger stage here of 22 feet at an early hour and continued to rise rapidly. Warned by the weather bureau, merchants with business houses along the rivers were preparing for Continued on Page 12, Col. 5.

GERMANS

Resume Offensive at Verdun After a Six Days' Lull

ENDEAVORED TO HIDE THIS PLAN

But French Staff Expected It Would Come

VIOLENCE IS REDOUBLED

But Allies Had Made Preparations—French Infantry Held Off Germans With Rifle and Machine Gun Fire and Curtain of Shells Which Prevented Approach of Reserves.

(ASSOCIATED PRESS TELEGRAM)

Paris, March 29, 10 a. m.—After a six-days' lull, the Germans resumed the offensive at Verdun yesterday with redoubled violence. The better to hide their plans they had for a week been shelling the whole Verdun front impartially, but the French staff expected that the attack would come on the west of the river and made all due preparations. Their surmise was justified by the event. The German effort was confined to a small section, hardly more than half a mile in width, between Avocourt and Malancourt. The artillery poured a hail of shells on this short line all morning in preparation for the infantry attack, which was launched at 3 o'clock in the afternoon.

The French infantry held off the Germans with rifle and machine gun fire while the 75's threw a curtain of shells which prevented reserves from approaching. Again the gray-coated waves surged forward, only to be broken against the stout resistance of the defenders. The object of the Germans was to force the French to evacuate the village of Malancourt, the heights surrounding which the Germans already hold. They failed completely.

The Germans have made another notable gain in their drive against Verdun, according to today's official announcement from Berlin, storming French positions of Malancourt to the depth of several lines along a front of 2000 metres or more than a mile.

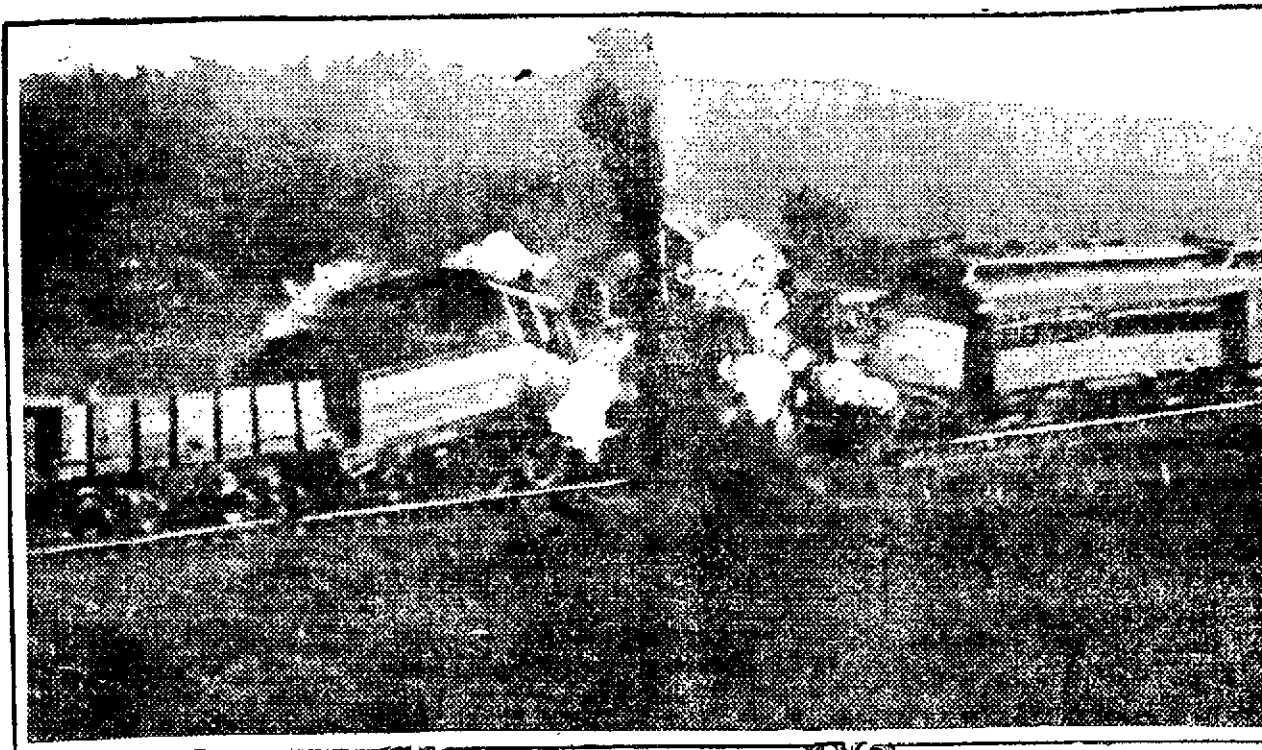

Malancourt lies about 10-12 miles northwest of Verdun and some two miles northeast of the southern tip of the Avocourt wood into which the Germans pushed their recent great drive west of the Meuse. The French lines here formed a broad salient, exposed to attack from either flank and French tenure of the position had not been considered a secure one by many military observers.

Apparently the German assault was on the westerly side of the salient where Paris last night reported a heavy attack by the Germans, declaring, however, that it had been repulsed.

In the German air raid on Saloniki Monday last, twenty persons were killed and between 30 to 40 wounded and two German aeroplanes were destroyed, according to an official announcement from Paris today.

New York Central's Crack Trains Crash, With Resultant Horrors of Crushed and Maimed Humanity

PHOTOGRAPH OF RAILROAD COLLISION

This scene was photographed for moving pictures and gives some idea of the force of impact of two trains made up of comparative junk. Some conception may be had of the fearful collision of three of the most modern trains on the New York Central system.

Business Evangelist Raymond Delights Newark Merchants and Is Asked to Return in April

"Try Newark First" He Suggests As Motto For This City

Annual Banquet of Association a Successful Affair Last Night

WILSON HAWKINS TELLS HOW TO GET A STATE NORMAL SCHOOL.

Five Trustees Elected for 1916—Reports and Addresses Tell of Good Work Accomplished in the Past Year

Eight years ago Frank Jewel Raymond came to Newark as a traveling salesman. He returned yesterday as a "business evangelist." As a seller of advertising specialties Mr. Raymond was a distinct success. As an "evangelist" he is a second Billy Sunday.

Mr. Raymond, until recently with the National Retail Dealers' Association of America, was the principal speaker at the annual banquet of the Newark Merchants' Association in the Warden last night. Ninety men were present. So enthusiastically did the audience become that Mr. Raymond was engaged upon the spot to return to Newark and deliver three lectures at the High school auditorium on April 13 and 14. Two of these addresses will be given in the evening and the third will be before the students of the High school.

As Billy Sunday stirs the latent spiritual life of the disinterested Christian, so does Frank J. Raymond revive the energy and ambition of the indifferent or careless merchant and his employees. An actor that would grace any stage, an orator of great ability and with personal magnetism that holds an audience almost breathless—these three combined in one, make up the speaker who addressed the Association last night.

Eight years ago Mr. Raymond was unexpectedly called upon to speak in public. He had stage fright, and made a failure of the effort. He turned home that night, he resolved to "make good" and next morning he talked to the country and talked to the trees and kept on with his effort until he mastered the job.

Mr. Raymond did not ask for a return date to Newark. He has many lecture engagements booked for the spring season, but so convincing was he in his talk, so logical, did he go about explaining where the merchants were wrong and where they could benefit themselves that by a unanimous vote of the Association requested the speaker to return to Newark in order that all merchants of the city and all their

(Continued on Page 12, Col. 2.)

HIGH SPOTS IN BUSINESS EVANGELIST RAYMOND'S SPEECH

"I don't like your slogan 'TRADE IN NEWARK,' that blazes from the top of the Trust building. That puts it directly up to the customer. It should be 'TRY NEWARK FIRST.' Then it would be up to the dealer to make good."

"How many of you read your local papers; and how many read the Columbus, Cincinnati, Cleveland and Pittsburgh papers? You'll read the local papers first when some of you go on a big trip or some of your friends have a social event of importance. Then you call them on the 'phone and ask them to put it at the head of the society column."

"You must have confidence in business in your community. You must have confidence in your co-workers. 'Know-thyself' is the appendix of the mind. You can't cut it out, you must knock it out."

"It's the turn-overs that pay for the hold-overs. 'Any man can have a family tree but too many go to sleep in the branches.'"

"A winner never knocks and a knocker never wins. 'Do what you can with what you have, where you are.'"

Relentless Search for Villa by America's Flying Columns Continues; No Definite News

(ASSOCIATED PRESS TELEGRAM)

Washington, March 29.—General Carranza has agreed to permit the movement of supplies to the punitive expedition in Mexico over the Mexican Northwestern railroad. The supplies will go as commercial freight to concerns in Mexico with which the army has contracts.

The permission for use of the railroad is not granted in a military sense and does not cover the movement of troops for which the American army has not asked. It will, however, enable General Pershing's force to get supplies in abundance in a country where motor truck trains cannot carry them and will thus aid greatly in the pursuit of the Villa bandits.

El Paso, March 29.—The hunt for Francisco Villa by the flying columns of American cavalry continued relentlessly today but from the meagerness of official dispatches from General Pershing's advanced base it was impossible to learn the position of the American troops and how far they were in the rear of the fleeing bandits.

Villa was last heard of heading southward toward the Tarahumara mountain country, his command driving their Mexican ponies at full speed and being pressed closely by the American troops.

Armed bands of Villa forces are reported in various parts of Chihuahua and in some numbers around Torreon, but they are operating independently of the main Villa command.

Joseph W. Allison, second lieutenant of the Thirteenth cavalry,

who was brought back to the base hospital at Fort Bliss from Casas Grandes, suffering from a cold that developed into pneumonia, died today.

NO WORD YET

As to Use of Mexican Railroads by American Soldiers.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 29.—While no word had come today from Special Representative Rodgers at Queretaro concerning the request for use of Mexican railways to transport supplies to General Pershing's troops there were indications in official dispatches from General Pershing through General Funston that troops were using the railways in the Casas Grandes district probably upon permission from the local Carranza officials. A dispatch reporting that Saddler George A. Hurdell of the tenth cavalry had died from injuries received in a railroad wreck was taken to mean that troops were being transferred by rail southward from Casas Grandes. This was the first official intimation that General Pershing's troops were using the railroads.

Instructions were sent last night to Special Representative Rodgers to urge General Carranza to grant permission for use of Mexican railways as a matter independent of the projected protocol.

Only routine reports came from the border to the war department today. The department has no information as to the actual steps

(Continued on Page 12, Col. 3.)

First Section of East-Bound Train 86, Left Chicago in a Fog and Stopped to Take Water; the Second Section Crashed Into the Rear End, Scattering Wreckage Upon West-Bound Speed Track, Into Which the Twentieth Century Limited, Going to Chicago, Catapulted

FEDERAL GOVERNMENT INVESTIGATING CAUSE

Terrible Scenes Follow Shock of Trains—Bodies Are Mangled, Some Decapitated, While Human Legs and Arms Were Scattered Through Wreckage—General Superintendent Attributes Cause to Slip On Part of Dozing Tower Man—Newark People Anxiously Inquire Concerning Friends Or Relatives Thought to Be Traveling Upon One of Wrecked Trains—List of Dead and Wounded.

(ASSOCIATED PRESS TELEGRAM)

Cleveland, March 29.—At least thirty persons were killed—the exact total may not be known until tonight—and more than forty injured in the wreck early today of three of the New York Central's crack passenger trains a mile west of Amherst.

Twenty-five bodies had been taken out at noon and five more were known to be in the debris.

When the total of dead and injured is finally ascertained, the wreck will surpass, in its cost of life even the wreck of the Twentieth Century Limited at Mentor, in 1904, when the famous train piled into a freight on its second trip on the New York-Chicago twenty-four-hour run.

The wreck was the worst that has occurred in Ohio in a long time and one of the worst in the history of the New York Central system.

Dense fog obscured the signal set by the first section of the eastbound Pittsburgh, Baltimore-Buffalo limited, causing another section of that train to crash into it. A short time later, before a signalman could flag it, the fast Twentieth Century Limited, westbound, crashed into the wreckage, which had piled up on the westbound track.

Daylight had not yet appeared when the three trains piled up together. Farmers and villagers rushed to the assistance of the stricken passengers. The work of rescuing those imprisoned under the wreckage was hampered by the dark which was accentuated by the fog.

Ambulances, automobile and all kinds of vehicles were rushed from Eluria and other points to the scene of the wreck. The little morgue at Amherst was soon filled with bodies of the dead. Most of the injured were conveyed to hospitals in Eluria. The Twentieth Century proceeded on its way to Chicago.

None of the passengers on this train was injured. All of the dead and injured were on train No. 86.

A slip on the part of a dozing tower man was to blame for the wreck, according to S. S. Ingalls, general superintendent of the New York Central. Ingalls with L. A. Robinson, general passenger agent of the New York Central, and Daniel McBane, superintendent of motive power of the road, conducted an inquiry into the tragedy on the part of the road officials. The towerman's wife had been ill, it was learned, and he had been without sleep practically since Sunday night.

"John Hess, engineer of the second section of No. 86," Ingalls said, "admitted that he did not see the red signal just before he plowed into the rear of the first section. But immediately freeing himself from his cab he walked back. The red light, he said, was set against him."

"In the fog and thickness of the early morning he failed to see that danger signal. It may possibly have been set after his train came into the block, but chances are against that. We have tested the signals and found them in perfect working order."

"In all likelihood, as present indications point, the towerman is to blame. With the signals shown O.

The body of one fireman badly crushed, was found on top of the boiler of one of the engines. Some of the members of the crews of the three trains involved in the wreck escaped with scratches and bruises. C. C. Robinson, Toledo, engineer of the Twentieth Century, crawled uninjured from under his engine, after it had plunged four hundred feet along the ties. His fireman, Walter Mann, Toledo, and the conductor, M. V. Burk, Buffalo, also were unhurt.

John Keller, conductor of the second section of No. 86 and Frank Bunnell, in charge of the first section, were also unhurt.

(Continued on Page 2, Col. 1.)

Englishman First Shelled, Then Torpedoed by German Submarine, Survivors Swear

Washington, March 29.—The British horse ship Englishman was first shelled and then torpedoed by a German submarine according to affidavits made to representatives of the state department at Liverpool by three American survivors. Following the receipt of this information today officials said it seemed clear that the Englishman had tried to escape. The submarine was operating within the law in shelling and torpedoing the Englishman if the vessel was fleeing to escape capture. The German government has been

asked whether any of its submarines was concerned in the sinking of the Englishman or the damaging of the British channel steamer Sussex while that ship was carrying 25 American passengers.

While it is indicated that the case of the Englishman may not lead to difficulties between the United States and Germany, it is proved she was escaping, overnight dispatches to the state department from Dover seem, officials said, to bear out previous allegations that the Sussex was torpedoed.

Remove Union Buttons Or Quit, and Streetcar Men In Toledo Tie Up the System

(ASSOCIATED PRESS TELEGRAM)

Toledo, March 29.—With every street car idle and working men and women compelled to get to and from their labor the heat they can, indications this morning that no relief in the street car strike here would be had in the immediate future.

Eight hundred conductors and motormen quit work yesterday when asked to remove union buttons from the laps of their coats or quit. Some of the cars were left standing in the streets.

Henry L. Doherty of New York, head of the interests controlling the local street railway company, will reach here tomorrow. Until that time, city officials are urging upon one or the other factions a concession in their demands. With the arrival of Doherty some adjustment is hoped for.

Thousands of workmen, living in remote sections of the city, failed to reach their work this morning and most of the factories, as a consequence, were operating with demoralized forces. Three thousand men failed to report for work at the plant

is more in the nature of a lockout, it was stated.

Efforts to bring about a temporary compromise between officials of the Toledo Railways and Light company and the 900 employees who are idle today as a result of the company's refusal to permit them to remain at work and wear union buttons, were being made this afternoon at a meeting of traction officials, union representatives and city officials headed by Mayor Charles M. Milroy.

Henry L. Doherty of New York, head of the interests controlling the local street railway company, will reach here tomorrow. Until that time, city officials are urging upon one or the other factions a concession in their demands. With the arrival of Doherty some adjustment is hoped for.

Embalmer Important Witness in Peck Murder Case, Which Now Is Stirring New York City

(Associated Press Telegram)
New York, March 29.—Detectives from the district attorney's office, went to Orient Point, L. I., early today in search of Eugene O. Kane, an embalmer, who, for the time being is the most important witness in the Peck murder case. Dr. Arthur Warren Waite, in the latest chapter of his serial confession, told the district attorney that he had given Kane \$9,000 to swear, if necessary, that he had used arsenic in embalming the body of John E. Peck for burial.

The use of arsenic in embalming fluid is against the law in New York state and Kane several days ago was quoted as saying that no arsenic was used in embalming Mr. Peck's body.

Dr. Waite, in the course of conversation with representatives of the district attorney's office last night said that he administered several varieties of disease germs to both Mr. Peck and his wife, Mrs. Anna Peck.

When the germs showed no results, Waite said, he followed them in both cases with doses of poisonous drugs. In committing these acts Waite declared that he was under the evil influence of a force which he personified as "the man from Egypt."

Dr. Waite rambled on about the way in which the evil genius had compelled him to put the disease germs in food served to Mr. and Mrs.

Peck and when these failed to take effect to accomplish the death of Mr. Peck by putting arsenic in his soup, in tea and in egg-nog.

Further details of Dr. Arthur Warren Waite's activities to prepare a defense before he was arrested for the murder of John E. Peck, his father-in-law, were made to District Attorney Edward Swann today by the prisoner himself from his bed at Bellevue hospital. In addition to paying \$9,000 in cash and \$9,400 in a check to Eugene W. Kane, the undertaker who embalmed Peck's body, Waite told the prosecutor today that he was to have paid Kane in all \$25,000, out of which Kane was to bribe the druggist from whom Waite bought the arsenic from which Peck died, to keep silent.

Detectives were searching for Kane today. The young dentist asserted, according to the district attorney, that his negotiations with Kane were conducted at first through John S. Potter, an undertaker who had informed him, he said, that the prosecutor was anxious to get a sample of the embalming fluid.

"I told Potter," Mr. Swann quoted Waite as saying, "that it would be advisable to have the embalming fluid contain arsenic. Potter said this would cost money and that he would have to consult Kane."

Potter made a sweeping denial of everything.

NEW YORK CENTRAL'S

(Continued from Page 1.)
tion and other uninjured members of the crews assisted in caring for injured passengers and in clearing away wreckage.

Search was begun immediately for the bodies of two express messengers, expected to be found among express car wreckage, piled 20 feet high.

The first body taken from the wreckage to be identified was that of Rev. Gustav Waly, pastor of the First Hungarian Evangelical Lutheran church, Detroit.

The second section of the Chicago-Buffalo flyer crashed into the first section in a heavy fog when the first section stopped to take water. The 20th Century westbound, plowed through the wreckage of train 88, which had been hurled to the westbound track, before flagmen could be sent out to stop it.

Train 86 was due at Cleveland at 4:05 a. m.

Most of the dead were in the rear coaches of the first section of the Chicago-Buffalo flyer.

Some of the dead were found in the rear coaches of the second section of the flyer, which buckled over onto the Twentieth Century's right of way and was splintered by that train.

Most of the dead are said to be foreigners, who were traveling in the rear coach of the first section of the Chicago-Buffalo flyer.

There are no dead among the passengers on the Twentieth Century

though a number of passengers were badly hurt on his train. Two coaches of the Twentieth Century were overturned.

The second section of the flyer was going at a high rate of speed when it struck the first section.

Many of the dead probably will go to their graves unidentified.

Most of those killed were asleep in the rear day coach of the first train 86 at the time of the crash and they had removed wraps and coats and other articles of identifying clothing.

The bodies of many of these severely clad victims are so thoroughly mingled that identification without the guidance of the clothing will be impossible.

Some of the victims were decapitated. Arms, legs and portions of human bodies were scattered thickly through the wreckage.

Relief parties collected the remains of three bodies—those of a woman and two men—and piled them, indiscriminately, in one basket. They probably will be buried together.

Official information from the general superintendent's office in this city is to the effect that the second section of train No. 86, eastbound, collided with the first section, scattering the wreckage over the road-way. Shortly after the Twentieth Century limited westbound, ran into this wreckage, derailing the engine and two or three coaches. No one aboard the 20th Century was injured, however.

Relief trains were sent from El-

"HE'S MURDERER!" CRIES WAITE'S BRIDE; HEIRESS TO TESTIFY AGAINST HUSBAND

Mrs. Arthur Warren Waite and Percy Peck.

"He is a murderer," is the verdict Mrs. Arthur Warren Waite, wife of the New York dentist charged with poisoning his father-in-law, John E. Peck of Grand Rapids, has already reached. Her brother, Percy Peck of Grand Rapids, is also outspoken against Waite, but says he hopes the dentist will not be sent to the electric chair.

via and Cleveland and the injured were taken to an Elyria hospital.

The 20th Century limited left on its way to Chicago via the southern division. There was no one injured on that train.

Nearly all of that equipment involved in the wreck was of steel construction.

Two coaches on the rear end of the first section of train 86 were telescoped and the first one was reduced to splinters. Both were steel cars. Most of the dead were in the last coach on train 86. The coaches of the Twentieth Century limited were derailed but not smashed. One car on the rear end of second 86

was thrown over upon the westbound track as were the two rear cars of first 86. The Twentieth Century plowed through both of these big sections and added to the toll of death which had already been taken by the first collision.

At eight o'clock steel bodies had been taken from the wreckage and taken to the morgues of O. H. Baker and the Ambrose Furniture Co. Injured were rushed by special electric cars to the Memorial hospital at Elyria.

The first section of 86 stopped for water at Amburst. There was a heavy fog, which prevented the engineer of second 86 from seeing that the block signals were set against him or that a flagman sent out by first 86 was warning him to stop. The second section went past these danger signals and into the rear of the first section.

The Twentieth Century was traveling at a slow rate of speed because of the fog. Otherwise the toll of death on all three trains would have been much heavier. Two of the coaches on the Twentieth Century were thrown over on their sides and several persons were injured in these coaches.

STATE INSPECTORS

Nearly 4000 Becoming Victims of Wreck Themselves.
(Associated Press Telegram)
Two railway inspectors of the state public utilities commission, who usually are rushed to scenes of wrecks, narrowly escaped being victims of today's wreck near Cleveland. M. J. Horman and W. F. Packard had expected to leave Toledo for Cleveland during the night of the Chicago-Buffalo train, which suffered in the first crash. It was said at offices of the utilities commission, however, and are believed to have taken the next train and to have arrived at the wreck before they received official orders to visit the scene.

Vicor, T. Noonan, state safety first commissioner, also happened to be in Cleveland today and was sent to the wreck by the industrial commission.

The inter-state commerce commission telegraphed the Ohio public utilities commission today to ask that the two bodies co-operate in inquiries concerning the cause of the wreck at Amburst. Arrangements will be made, it is said, for a formal inquiry and a number of witnesses will be summoned. The inquiry probably will be held at Cleveland within a few days.

U. S. INSPECTOR

Left Washington to Investigate Cause of Wreck.
(Associated Press Telegram)
Washington, March 29.—H. W. Holman, chief of the division of safety of the interstate commerce commission, will leave Washington late today to investigate the Lake Shore wreck near Cleveland. George E. Ellis of the division of safety, stationed at Chicago, and H. A. McAdam, stationed at Pittsburgh, already are en route for the wreck.

IN ELYRIA HOSPITAL

Built by Father of Victim of Terrible Street Car Wreck There.
The Memorial hospital at Elyria, where the injured were taken, is one of the most beautiful buildings and most convenient hospitals in the state.

It was erected by the father of one

of the victims in the interurban head-on collisions near that city several years ago. At that time when the two street cars came together the cars telescoped and a number of the passengers were killed and maimed for life, several losing legs and arms. They were cared for at Elyria and in memory of the treatment accorded his son, the father of one of the victims built and furnished the Memorial hospital.

NEWARK PEOPLE

Anxiously Inquired About Relatives, Maybe on Wrecked Trains.
A number of Newark people today were eagerly seeking news of the Amherst catastrophe early this morning, when more than 30 persons were killed. John Ankele, proprietor of the Ankele barber shop in South Second street, was trying to (Continued on Page 11, Col. 4.)

IDENTIFIED DEAD IN AMHERST WRECK.

(Associated Press Telegram)
The first man taken from the wreck dead was Rev. Gustav Waly, pastor of the Hungarian Evangelical Lutheran church, at Detroit, Mich.

Other identified dead are: Walter B. Easton, 1209 Kirdum street, Philadelphia; Frank Gallagher, 40 Hart street, Brooklyn; A. R. Pabhalt, manager Hungarian theatrical association, Cleveland; R. E. Ash, mail transfer clerk, Olmsted Falls, O.; J. H. Hearn, Gallipolis, O.; Malvina Bemol, 3136 Beech street, Indiana Harbor, Indiana; George Ojonec, Indianapolis; Rosencord, Indianapolis, Ind.; Mrs. Jennie Haddas, Cleveland, died at Elyria Memorial Hospital; Charles Nelson, member of machine movers union, died on train on way from Amhurst to Elyria; D. Fruchtman, Toronto; R. Thomas, Philadelphia; Edward Leroy, Elliott Ave., St. Louis; dead at Lorain; Bruce Brownlee, address unknown, dead at Lorain.

The following persons, injured in the Amherst wreck, were at Memorial hospital, Elyria:

Louis Letkovitz, Cleveland; Jacob Joseph, Detroit; Wilbur Mahoney, Toledo; Alfred Tarea, Detroit; Albert Kellar, Chicago; Adolph Lawrence, Gary, Ind.; S. H. Don, Haverhill, Mass.; John Kosmosh, 35, Homestead, Pa.

Robert Wright, Imperial, Pa.; R. D. Turner, Elyria, on man on section of train No. 86, arm hurt.

H. Gromack, Chicago; W. A. Mann, Toledo, face burned, right arm hurt and back sprained; C. Wessell, Chicago; C. Abe Osman, Cleveland, bruised and hurt internally; S. H. Bishop, Chicago, fireman, legs hurt.

An unidentified woman, with her leg cut off, with initials "J. W. H." on her watch.

Two other unidentified women.

Four men, their first names not known they are: Prymer; Kubie; Casmer.

Others among the forty injured at the Memorial hospital at Elyria are: C. D. Bell, Owosso, Mich., ankle sprained; W. C. Bradley, Pittsburgh, cut by glass; J. B. Andrews, Danville, Ill., hand and arm bruised; B. V. Kavanaugh, New Haven, Conn., foot bruised; A. DeRoy, Piasburgh, back injured; Charles Gregg, Imperial, Pa., leg hurt; L. S. Griffith, Elkhardt, Ind., bruised and shaken by shock; H. D. Hemen, East Cleveland, cut by glass and bruised; Willis E. Holloway, Chicago, cut and bruised; L. Kanwie, Midland, Pa., body bruised and badly shaken up.

S. J. McCormick, Cleveland, cut by glass; D. D. Peabody, New Orleans, neck sprained; Mrs. L. Patterson, Youngstown, legs bruised; Alfred Porea, Detroit, body bruised; W. H. Boltz, West Haven, Conn., knee and back injured; W. A. Winer, Chicago, ankle sprained; George S. Prymmer, Cleveland, body bruised; Jacob Jasper, Detroit, cut about body; H. Gromack, 733 North Dearborn street, Chicago, badly bruised; Robert Wright, Imperial, Pa., head and back hurt; Herbert Hess, Toledo, engineer on second section train No. 86, slight bruises.

RURAL MAIL CARRIER CHARGED WITH STEALING.

(Associated Press Telegram)
Charleston, W. Va., March 29.—John Albright, a rural mail carrier in Logan county, was arrested yesterday on a charge of stealing ginseng from parcel post packages and replacing it with stones. He is ordered held under \$5000 bond by a United States commissioner.

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

Newark's Foremost Fashion Center

Dress-Up Week Has Brought This Store Many Compliments Every One is Enthused Over Our Showing

Everyone who has attended our opening this week paid us many compliments. Enthusiasm is at a high pitch here, for never before have we shown such assortments, such a variety of the foremost styles to select from. You will be missing one of the finest exhibits in the city if you fail to pay a visit to this store. Come tomorrow or Friday and avoid the Saturday crowds.

Shepherd Check Suits

Are playing a prominent part in the Fashion Show this season. As usual we have kept up with the demand and are displaying a comprehensive assortment of styles that any one can make a selection from. Prices are extremely moderate.

each \$9.95 to \$28.95

New Taffeta Suits

We are showing silk suits priced all the way up to \$50.00, but we desire to particularly emphasize two new models, fashioned from lustrous chifon taffeta in styles that represent the newer ideas, in all sizes, at

each \$17.95 to \$23.95

Poplin Suits \$11.95

These are our feature suits which hundreds of women have found out to be equal to any \$15.00 garments shown elsewhere. They are tailored from wool poplin in several wanted styles, including the new flare and belted effects. A splendid range of shades and all sizes

At each \$11.95

New Waists \$1.00 and \$1.25

We are now displaying over fifty different styles in dainty wash waists. Included are embroidered and striped voiles, Jap silks, Secco silks in stripes, plain colors and floral designs, lace and crepe de chine combinations. Short and long sleeves, two-one collars. In fact a style to suit everyone. All sizes from 16 to 32.

—\$1.00 and \$1.25—

Floral Petticoats

These petticoats arrived yesterday morning and are just the thing to wear under the new spring costumes. Made from a soft, lined mercerized material with white background and floral designs of pink, blue or lavender. Smooth fitting elastic waist band. Specially priced at

each \$1.25

New Middies

You may now choose from dozens of the newest middy styles, they're the famous "Superior Maid" brand, too, recognized everywhere as the best to be had at the price. Every color is absolutely guaranteed not to fade, something unusual during the present dye famine. Priced

at each 1.00

The Children's Department

IS SHOWING NOBBY STYLES.

Dainty Wash Dresses

The prettiest assortment of wash dresses you ever laid your eyes on. Fashioned from gingham, chambray, muslin, galatea, etc. One piece and two piece midly dresses are included. Make your selection now, at

each 69c, 98c & \$1.39

Coats for All Ages

Made up from serges, silk poplins, shepherd checks, silk taffeta, corduroys, etc., in a new pleasing range of shades. You certainly must see these new styles because it's the best showing we have ever had. Priced at

each \$1.79 to \$8.95

"Lids for Kids"

United States Tread Chain Tires

'Union' and 'Balance' Make Stable Tires

United States Tires, in more than name only, carry out the principle of 'union' and 'balance' which makes a great stable nation out of the forty-eight individual States of the Union.

United States Tires have that complete 'union' between rubber and fabric which absolutely prevents tread separation and disintegration under the tread.

They have that complete 'balance' which gives equal wear in both the tread and the carcass—neither is weaker nor stronger than the other.

Every part of each tire helps every other part to last longer—and that is the 'union' and 'balance' which give the whole tire longer life—which give the low-mileage cost for which United States Tires are famous.

There are five United States 'Balanced' Tires—a tire to meet every material need of price and use. Ask your dealer to show you.

Society

Covers were laid for ten at a dinner of pretty appointments given at the home of Mr. and Mrs. George Richards in North street, Granville, on Friday. Miss Nellie Osborn of Evansville, Ind., was the guest of honor. Miss Osborn who has been a guest of her parents, Rev. and Mrs. J. L. Wylie last Saturday for Columbia, where she will visit before returning to her home in Granville.

The Women's Music club will hold an open meeting at the Second Presbyterian church on Thursday afternoon at four o'clock. An oratorio recital will be given under the direction of Mrs. C. W. Miller. The recital is open to the public and a silver offering will be taken.

The members of the L. S. club participated in a spread, and slumber party given by Miss Ethel O'Brien at her home in West Locust street on Friday evening.

On Saturday a progressive party was enjoyed, concluding with a dinner at the Presbyterian church.

The next social affair will be held at the home of Miss Mary Elizabeth Avey in two weeks.

Newark Review, No. 455, Ladies of the Maccabees will hold a winter picnic at the home of Mrs. Clem Coffman, 276 West Church street all day Thursday, March 30.

Mrs. Titus Hankinson entertained the Unity Sewing club at her home Wednesday afternoon. The afternoon was spent in sewing, after which a three-course lunch was served to the following members: Mesdames Charlie Jones, Frank Jones, William Owens, C. J. Pence, C. E. Jamison, John Brooks, Frank Brooks, Arthur Griffith, Hayes Hankinson. The next meeting will be at the home of Mrs. Hayes Hankinson, April 5. The guests of the club were: Mrs. D. H. Owen and son, Junior of Columbus, Mrs. Albert Hankinson and son Thomas of Welsh Hills, Mrs. Clyde Foster of North street, Mrs. Edward Taylor and daughter, Virginia of Newark.

Freas-Johnson.
The wedding of Miss Daisy D. Johnson and Mr. Alfred Leroy Freas of Johnstown, was solemnized on Tuesday afternoon at the parsonage of the First M. E. church, Rev. L. C. Sparks officiating. The bride was attended by Miss Lucy McGee and the bridegroom's best man was Mr. Benjamin Pratt. Mr. and Mrs. Freas will reside in Johnstown.

An Oriental wedding and Japanese tea party will be given by the members of the Indian club at the Y. W. C. A. Friday, March 31, 7:30 p. m. You are invited.

The White Carriage Sewing Circle will meet Thursday afternoon with Mrs. Smith, 95 Wing street.

On Tuesday evening the girls of the Wehrle company entertained with a banquet at Shondell's in honor of Miss Fenna De Frieze, who is soon to leave for her new home in Akron. The entertainment came in the nature of a surprise when, at the appointed hour, 6 o'clock, she was ushered into the dining hall and confronted by 26 of her friends, all seated at a beautifully appointed table. Toasts were given and a farewell poem read by Miss De Frieze. On departing all wished Miss De Frieze success and happiness in her new home. Those present were: Misses Fenna De Frieze, Ethyle Edwards, Nora Baucke, Margaret

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

ROYAL BAKING POWDER CO.

Stoepler, Mary Neimeth, Larie Swartz, Gertrude Roll, Madeline Reichert, Alice Conley, Louise Reichert, Ethel Evans, Alice Avery, Ida Gleason, Ann Bowman, Alice Calahan, Elizabeth Rafferty, Helen Ginter, Winnifred Grady, Mary Leibor, Beatrice Magee, Violet Tharp, Jesse Barrick, Maud Tharp and Freda Nye.

STYLE SHOW AT SCHIFFS IS WELL ATTENDED

The capacity of the store of A. Schiff in East Park Place was taxed on Tuesday afternoon from 12:30 to 5:00 o'clock when the spring style show was held. The event was the most complete showing of women's garments on living models, ever held in the city.

The store was arranged with palms, and in the suit department a platform had been erected and chairs were placed for the visitors. The beautiful spring styles were admirably displayed by the models, Mrs. Margaret Brown, Mrs. Ruth Petles, Misses Lucille Cully of Hebron and Miss Katherine Kear.

Evening gowns, diaphanous, billowy, and filmy in silks, net, gold and silver laces were shown. Beautifully tailored garments, in the new checks, black and white, and brown and white silk suits in all the new shades and combinations of wool and silk were displayed to advantage. A feature was made of sport costumes, the new sport coats, skirts and suits. This year has introduced a novelty in jersey suits both in silk and wool and many of these were shown. One striking model was of bright green silk jersey with orange collar, cuff and bands. Another attractive showing was of a red sport suit, which would make an admirable golfing outfit. The hats used in the display were from the Giffen millinery store, the shoes from Rosenbach's and the parasols from the New King Company.

Miss Cully who appeared in a number of beautiful evening gowns, and quaint costumes gave a number of pretty dances. Miss Cully has been instructor in the new dances.

Read the Wants tonight.

Personal

Mrs. George Richardson is spending the day in Trinwau.
Mrs. Roy Shirer and son Donald of Cleveland are visiting Mrs. Shirer's parents, Mr. and Mrs. Owen Stanton of North Morris street.
Mr. James Copeland of Bucyrus is spending the remainder of the week with relatives in Newark.
Phil Huff of Coshocton is visiting Mr. Jack Nethers at his home in East Newark.

Mrs. Kreig of Sabina, O., has been called here by the illness of her brother, Mr. W. C. Adams. Mr. Adams' condition is improved today.
Miss Florence Ottman of Utica, is spending a few days in Newark, the guest of Miss Camille Windle.

Miss Edith Mackey, of the Sanatorium at Mt. Vernon, is spending a few days in Newark.

Miss Edith McLaughlin, who has been visiting her mother in East Main street, has returned to Zanesville.

Mrs. Harry McGreevy and son of Buena Vista street are visiting in Sandusky.

Ivan Greene, a Wooster college student is spending his vacation with his father Rev. D. A. Greene, Mouli street. Ivan formerly a high school student here, visited "High" here Wednesday where his sister Sarah is a freshman.

NEWARK DIRECTOR AMERICAN BOTTLE CO. ATTENDING MEETING.

Charles L. Flory leaves for Chicago tonight to attend a meeting of the board of directors of the American Bottle Company of which he is a member. The merger of the American Bottle Company and the Owens Bottle Machine Company is about to be effected, it is said, and the statement is made by people in a position to know that the change will improve conditions at the Newark plant in that under the new management the local factory will be in position to make a greater variety of bottle ware.

SIGHTSEERS OUT IN THROGS FOR DRESS UP WEEK

The pleasant weather of today is bringing crowds of sightseers out for Dress Up Week. In fact it has been the first pleasant day this week. There were many people out last evening and a great deal of "window shopping" was done.

Tonight a big crowd is expected in the downtown district to hear the first open air concert of the season. Hon. B. F. McDonald will open the exercises of the evening with a speech which he will deliver from the south steps of the court house. This will be followed with a selection by the Duckeye band, after which it will parade the downtown streets and wind up with a band concert in the court house park.

A promenade is to take place Thursday evening and Friday evening, the prize winners will be announced from the north steps of the court house.

An automobile parade took place this afternoon when dealers had a number of their new cars parade the principal downtown streets.

Turn out and enjoy the throngs to-night and tomorrow night and inspect the numerous beautiful window displays over the city.

FALSE REPORT CIRCULATED OF WOMAN DROWNED

It is believed that there is no ground for the report that a woman was drowned in the Licking river where the Manning street bridge went down Monday night.

A number of persons claimed to have heard a woman's screams on the brink of the eastern approach to the bridge. Some woman intending to cross that structure after the bridge collapsed stopped just in time to keep from falling into the river and may have screamed from fright.

The police department and officials of the American Bottle company made a canvass of the neighborhood but no one is reported as missing. In the mean time residents on the east side of the river will have to ford the stream or use the Indiana street bridge, the latter causing them much inconvenience on account of the distance from their homes. It may be that a temporary structure can be built shortly for pedestrians.

The Courts

Petition Filed.

Robert J. Tucker has filed a petition in common pleas court against the United Distillers Co., claiming that on Nov. 17, he purchased from defendant a quantity of whiskey on installments and that the defendant agreed to deliver to the plaintiff such goods as he had paid for when ordered. Plaintiff alleges that he has paid defendant the sum of \$222.29 and has received from the defendant goods to the value of \$48.65; that defendant has received from the plaintiff \$173.65 for which the latter has received no value. Plaintiff asks that he be reimbursed that amount.

Supplemental Petition.

In the case of Anna Gregg against Henry Gregg, a supplemental petition has been filed for alimony. Plaintiff and defendant were married in November, 1907, and are the parents of one child seven years of age. The petition alleges that defendant has been guilty of cruelty and that since Christmas he has assaulted, beaten and struck plaintiff on at least twenty-five occasions; that he has repeatedly told her to leave home as he would not support her or their child. Plaintiff states that a separation took place March 23, 1916. She asks for permanent alimony for herself and the support of the child.

Commissioners Office.

County Commissioners Jos. H. Orr, Frank R. Dumm and Orville Kiger were in session today to begin the regular weekly meeting of the board. A number of bills were allowed and routine business transacted after which the board took up the matter of the Manning street bridge. They will award a contract for the removal of the bridge from the river to a place of safety on the bank, so that no part of it may be washed away in case of high water in the near future. They will determine later what shall be done in the matter of re-erecting a bridge across the stream at that point.

Marriage Licenses.

Albert Leroy Freas, a barber, and Miss Daisy D. Johnson, both of Johnstown, O. Rev. L. C. Sparks to officiate.

Earl L. Bowers, a telegraph operator, and Miss Goldie Mae Lytle, a clerk, both of this city. Rev. L. C. Sparks named to officiate.

Nothing New.

Reader—Have you any modern fiction?
Librarian—No, madam; our book buyer has been on a six months' trip.—Judge.

By reason of the lack of fast colors, gray has become very fashionable in England, and the large quantities of dark brown colors on hand before the war are responsible for the present vogue of browns, tans, scarlets, pinks and blues are very scarce.

German army surgeons have to have gold for many jobs of jaw patching. Among the articles being melted down for the material are old wedding rings, English coins and even fillings from the teeth.

Obituary

D. W. Lanning.
Darwin Wing Lanning, 45, died at his home, near Warsaw, Coshocton county Monday following a long illness from ulceration of the stomach. His widow and three children, one sister and two brothers survive. Mrs. Maude Brooks of this city is a sister. Funeral services will be held at the Spring Mount M. E. church, Thursday morning.

Mrs. Clara J. Sims.
Mrs. Clara Jane Sims, 57, wife of George W. Sims, died at their home in Zanesville early Tuesday from a sudden attack of heart trouble. Her husband was preparing a cup of coffee for her when death came. Mrs. Joseph Farabee of Newark is a sister. Funeral services will be held at the home Thursday afternoon at 1 o'clock.

Mrs. Urena M. Bowers.
Mrs. Urena M. Bowers, 44, died at noon yesterday at her home in Zanesville. It is believed that her death was due to strangulation, resulting from a crust of bread lodged in her throat a week ago. She was being prepared for a trip to the hospital where surgeons expected to operate. She was the daughter of Mrs. Mary J. Kreager and was born at Gratiot. Her husband, James Bowers and four children survive.

Mrs. Jane Harris.
Bladensburg, March 29. — Mrs. Jane Harris, 75, died early yesterday morning at the home of her daughter, Mrs. Sarah Cottrell near here. Her death was due to a stroke of paralysis with which she was seized five years ago. She has been an invalid since that time. She was twice married. Her first husband David Earlywine died 30 years ago and her second husband, Samuel Harris, 15 years ago. John C. Earlywine, former Knox county commissioner is a son. Funeral services were held this afternoon.

Mrs. Marie Fullerlove Rogers.
Mrs. Marie Fullerlove Rogers, 41 years old, wife of Allen Rogers, a printer employed at the American Tribune plant, died at 11 o'clock last night at her home, 47 1-2 South Second street. Her death was due to pneumonia.

Mrs. Rogers was a native of England. She was the daughter of Abraham Fullerlove, and was born March 25, 1872. She has lived in Newark for the past three years. She is survived by her husband, seven brothers and two sisters. Three of her brothers are now with the English troops in France.

Funeral services will be held on Thursday evening at five o'clock at the undertaking establishment of T. A. Bazler, 15 West Church street. Rev. L. P. Franklin, of Trinity Episcopal church, will officiate.

The body will be taken to London, O. Friday morning at 6 o'clock for burial.

Clyde Amos Hite.
Clyde Amos, the baby son of Mr. and Mrs. Rev. A. Hite, of near Outville, died Monday morning, March 27, after a short illness of pneumonia, at the age of two years, four months and twenty-one days. He had been in poor health for over a year prior to the attack which caused his death. Beside the sorrowing parents, he leaves two brothers, Ernest and Ralph, and a twin sister, Faye.

The funeral was held Wednesday morning at 11 o'clock. Burial at Kirkersville cemetery. The beautiful hands are still, and the baby's eyes are closed, and the innocent soul has flown away.

To the Gentle Shepherd's fold.
Go, little soul in your way,
Leaving all sorrow and pain,
God, in His mercy, will gather you home,
Our loss is only your gain.

Card of Thanks.
We wish to express our heartfelt gratitude for the sympathy, help and kindness to our friends and neighbors shown us during the sickness and death of our beloved wife and mother, and we also thank Father O'Boylan for his great help, kindness and consoling words before and after her death, and to the good manner in which Mr. Eagon conducted the funeral and also the donors of the many beautiful floral offerings.
Mr. Fred Harris and Children.
29-11

Card of Thanks.
We desire to express our sincere thanks to our neighbors and friends for their many floral offerings and assistance during the illness and death of our father, Allen Evans.
29-11

Card of Thanks.
We desire to thank our kind neighbors and friends for their many acts of kindness and beautiful flowers during the illness and death of our beloved husband and father. Also Rev. Mr. Tullis for his consoling words. —Mrs. Rosa V. Grove and Family.
28-11

Card of Thanks.
We sincerely thank all friends and neighbors for their kindness toward Mrs. Sarah White during her illness and death and for the beautiful floral offerings. —Mr. and Mrs. William White.

JOHN J. CARROLL

Milady's Boudoir

A sweet, sunny tempered woman with a cheerful disposition as a rule has a shapely mouth, not necessarily small, but gentle in expression with the tiny corners raised at the ends. Habitual emotions are clearly revealed in the contour of the lips. There is no beauty whatever in lips that are thin, tightly drawn in with corners turning downward.

Lips to be healthy and normal should match the color of the gums. When too highly colored they are apt to be very sensitive to cold and heat and to bleed freely. Pale lips indicate poor health and are found on those with impaired circulation and of anemic temperament. Blush lips indicate heart troubles or cold.

When the skin is dry and harsh and cracks easily, it is necessary to massage them with a rich emollient or olive oil. It is likewise advisable to take internal correctives and indulge in a good tonic or olive oil, where the system requires this nourishment.

Before going out into the cold, camphor ice or cold cream should be thoroughly rubbed into the lips to form a film against the weather. Do not wet the lips, especially when outdoors, as this encourages chapping and besides it is a most unsightly habit.

Keeping the lips has become a fad with some women, but this artificial lip quickly detected. In some cases where the lips are habitually pale, and one desires to appear to special advantage, a little lip rouge may be discreetly applied with a small camel's hair brush.

The Sick.

William Madden was removed in the Bradley ambulance from the Newark Sanitarium yesterday to his home, 72 James street.

Mrs. Earl De Noon was removed from her home, 228 Hudson avenue early this morning to the City Hospital.

Mr. C. P. Smith of 664 East Main street had his eye badly injured while at work at the B. & O. shops on Tuesday afternoon. Mr. Smith is employed as a machinist and a piece of hot steel struck him in the right eye. Dr. D. J. Price treated the member and it is greatly improved today.

Our Boys and Girls

Mother's milk is composed of 87 parts water and 13 parts of solids, these latter being fats, sugar, proteins, and salts. All these are essential to the proper nourishment of the child. The fat is needed to build up the fatty tissues of the body and to produce body heat and energy; the sugar serves similar purposes; the proteins are of very great importance to build up the cells that compose the blood, the muscles and all of the tissues of the body; the salts are needed chiefly for the bones and the blood; while the water holds the food in a condition of solution so it may be digested and assimilated.

Now, although it is quite possible to modify cows milk in such a way that the proportions of fat, sugar, protein, and water are not widely different from those in human milk, the latter has other qualities which cannot be reproduced by any imitation, no matter how cunningly devised.

Everyday Etiquette

"Is it necessary to send a present when one has been invited to a church wedding and not the reception?" inquired Marie.

"It is not necessary to send a gift unless you have been invited to the reception," said her mother.

A Little Fun

The Goods.

"And she had the face to say that she thought she was very beautiful!"
"Well, if she had the face, why not?"—Browning's Magazine.

Paradox.

"There is only one way that people can be happy—that's together."
"Yes, there is only one way that people can live at peace—and that's apart."—Judge.

Engaged.

The new chorus girl (timidly)—
Is the manager in?
"Yes, but he can't see you now. These are his office hours."—Judge.

Read the Wants tonight.

Explains Why Coffee Hurts Many

Dr. W. A. Evans, prominent Chicago physician, who edits the "How to Keep Well" columns of the Chicago Tribune, said in that publication, under date of March 7, 1915:

"Coffee is a drug. Those who are addicted to its use are drug addicts." "From the standpoint of public hygiene the coffee question is worth while. It is the most widespread form of drug addiction."

Some coffee drinkers go on for years without seeming harm, but with others the telltale effects of the drug, caffeine, in coffee, show in various ills and discomforts, such as headache, biliousness, indigestion, nervousness, sleeplessness and heart disturbance.

When the health of a coffee-drinker begins to suffer it's high time to quit the coffee.

The change to

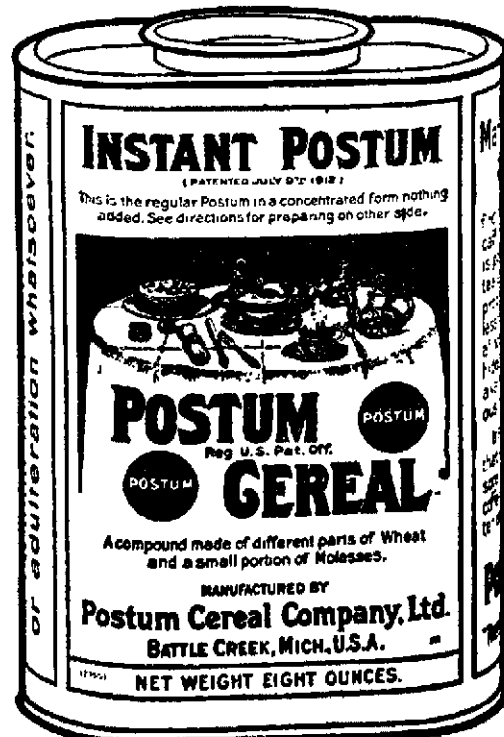

Instant Postum

is easy and pleasant. Better health usually follows, and a ten days' trial proves.

Postum comes in two forms. The original Postum Cereal—must be well-boiled—15c and 25c packages. Instant Postum—a soluble powder—is made in the cup. No boiling required. 30c and 50c tins.

The two forms of Postum are equally delicious, and the cost per cup is about the same.

"There's a Reason" for Postum

Columbus and Dayton People Approve "Outside" Cold Remedy

They Find the External Application, Vick's Vap-O-Rub Salve, the Best Treatment for Croup and Cold Troubles. It Replaces Harmful Internal Dosing, Poultices, Plasters, Flannel Jackets and Vapor Lamps.

You Just Rub It on Over Throat and Chest—Relieves by Inhalation and Absorption.

Since Vick's Vap-O-Rub Salve was introduced here from the South a short time ago, Ohio folks have found it no longer necessary to dose for cold troubles. Down South Vick's Vap-O-Rub is universally used instead of internal medicines for all forms of cold troubles, from head colds, asthma and catarrh, down to deep chest colds, sore throat, la grippe, bronchitis or incipient pneumonia.

Vick's comes in salve form—you just apply it over the throat and chest, covering with a warm flannel cloth. The body heat releases the ingredients in the form of vapors that are inhaled, with each breath, all night long, loosening the phlegm and opening the air passages.

COLUMBUS, OHIO, Mrs. F. B. Hinds, 901 Bellows Ave., writes:—
"We have used your Vick's Vap-O-Rub Salve on our baby, and we can recommend it to anyone, as it saved our child from having a bad case of pneumonia."

COLUMBUS, OHIO, Mr. Charles Thomas, 46 W. Maple St., states:—
"At the time I received your remedy, I was suffering with a severe cold, chest and throat all choked up, sense of smell all lost. I followed your directions, using hot wet towels to open the pores, and then rubbed Vick's Salve well in, and it certainly did work wonders, without taking a drop of any other medicine."

DAYTON, OHIO, Mrs. Thomas Johnson, 1634 Germantown Street:—
"My little boy was taken with a severe case of croup a few weeks ago, and after trying everything I knew without much relief, my druggist gave me a jar of Vick's Vap-O-Rub, which I used with splendid results. I also find it a fine remedy for headache, and shall always keep it in my home hereafter."

Vick's Vap-O-Rub Salve comes in three sizes, 25c, 50c or \$1.00, at all druggists.

(Associated Press Telegram)
Chicago, March 29.—Wheat made a few points higher today owing to reports of heavy damage to the winter crop and because of unfavorable weather in the spring wheat belt. Opening prices, which ranged from 1 1/2 to 1 3/4 down, with May at 1 1/2 1/2 to 1 3/4 and July at 1 1/2 1/2 to 1 3/4, were followed by a rise to more than one cent above yesterday's finish.
The close was unsettled at the same as yesterday's finish, 1 1/2 1/2 to 1 3/4 lower, with May at 1 1/2 1/2 to 1 3/4 and July at 1 1/2 1/2 to 1 3/4.
Liberal receipts and the prospect of a further increase of influence supply total had a depressing effect on corn. Prices in sympathy with wheat were not maintained. After opening 1 1/2 to 1 3/4 lower, the market scored slight gains, but then relapsed.
The close was nervous at 1 1/2 1/2 to 1 3/4 decline.
Oats swayed corn. Changes, though, were narrow.
Lower prices on hogs carried down provisions. No much power to recover was shown.

Wall Street.
(Associated Press Telegram)
New York, March 29.—Coppers, motors and some of the war issues were the leaders of today's market, trading at gains ranging from fractions to a point. Initial dealings in Kennecott, Shattuck, Arizona, Reading and Erie comprised individual lots of 1,000

Working People

The service of this thoroughly equipped bank is of inestimable value to people engaged in all lines of industry.

A checking account which can be opened with any amount assures accuracy and system in paying bills and current expenses, while an account in our Savings Department is an ideal investment for small sums which are saved from time to time.

We invite your patronage.

NEWARK, OHIO

CAPITAL AND SURPLUS \$325,000.00

FIRE THREATENS CHIEF'S CORNER AT HEADQUARTERS

Fire which started in the office of Police Chief Sheridan, near the chief's desk at headquarters, shortly before noon today, destroyed a waste basket, several square feet of varnish on woodwork and desks, and damaged the rug in the office causing a loss estimated at \$2,000 which Safety Director Bigbee says is "fully covered by insurance."

The fire was discovered by a pedestrian opposite headquarters and notified the officers on duty inside. The office was not occupied at the time, Chief Sheridan being downstairs.

Several theories have been advanced as to the origin of the blaze. Some suggested that a conversation over the telephone, the wires of which center at the point where the fire started, was so hot that the waste basket was ignited. The chief said that he was not certain that the fire was caused by an incendiary bomb tossed into the window.

Firemen from headquarters used chemicals to extinguish the blaze.

BOND ISSUE AT GRANVILLE FOR SCHOOL, BEATEN

Granville, O., March 29.—A joint bond issue of \$20,000 each for Granville and Granville township was voted upon yesterday. Had it passed, it would have been the total, \$50,000 would have been used for the purpose of erecting a union high school in Granville, the village and township residents. Much interest was manifested in the election and when the polls were closed and the votes counted it was found that the issue carried by a vote of 167 to 86 but was defeated in the township by a vote of 50 in favor of it and 59 opposed. It is not known just what the next step will be in the matter but it may come up for consideration again in the near future.

HE WANTS ANOTHER HAGUE CONFERENCE

Arthur Deerin Call, secretary of the American Peace Society, says the organization "has no plan for ending the present war, but it wants to arouse all the world to the necessity of reconvening the Hague Conference as soon as the conflict ends, of establishing the Permanent Court of Arbitral Justice, and of so increasing the power and authority of these bodies as to make them fully able to perform their tasks."

WAR OVER VILLAGE PUMP

Columbus, O., March 29.—Civil war over the village pump threatens Western Star, on the line between Summit and Medina counties, and the 154 persons who live there. Twenty-four of the village's 37 voters want a pump. The council and 13 other voters do not. "To pump or not to pump" is the question state officials have been called on to decide.

STRIKERS COMPROMISE

Clarksville, Va., March 29.—Snappers employed in window glass factories at Salem, who struck last week demanding recognition of a newly formed union and an increase in wages, have returned to work. The men agreed to compromise their differences. Efforts are being made to settle similar strikes at West Union and Pennsylvania, Va.

Pondition County, Ky., famous for its honey, seems to have some reason to be proud, data showing that several beekeepers there produced 10,000 pounds each and one 35,000 pounds.

STEALS THUNDER OF BOWSER; USES CHAMPION'S NAME

Paul Bowser is hot on the trail of some one who is using his name and reputation in bookish an engagement for a wrestling match at Cincinnati. The Enguiner this morning announced that "Paul Bowser of Newark, among other wrestlers, will appear at the People's theater in Cincinnati tomorrow night. Bowser has no date there and no one here knows any of the details. Paul is willing to meet all comers but doesn't care to have any scandalous wrestler appearing in his place and playing upon the champion's reputation and ability.

Jim Prokas, Greek wrestler, who was defeated by Bowser at the Music Hall early this year, is booked to wrestle Bill Jacobs at Cleveland Friday night. Cleveland, in an announcement, has been traveling through the state meeting all comers and has scored a victory in almost every town. An exception must be made of Newark.

1000 POUNDS OF SCRAP IRON GONE; THREE ARRESTED

Three affidavits filed before Mayor Biabie yesterday charged Hugh Hawkins, George S. Luchart and Thomas Trevisan with the theft of 984 pounds of scrap iron from the B. & O. railroad company. The three defendants were arrested yesterday by railroad officers and a changed before the Mayor this morning on charges of petty larceny. In the affidavit, the value of the iron was stated at \$800. After a hearing, Mayor Biabie held the defendants to the grand jury under bond in the sum of \$100 each.

The testimony showed that the scrap iron included that picked up along the railroad right of way and stored in boxes and it was alleged that the three men are in the habit of taking from these boxes. Three other drunks drew fines of \$5 and costs each.

\$100,000 FIRE AT LEADVILLE, COLO.

Leadville, Colo., March 29.—Dynamite was used to prevent the spread of a fire which early today threatened to destroy the business district. Ten buildings were destroyed with a loss of \$100,000. There were no casualties.

POLICE ORDINANCE EFFECTIVE TODAY; NO CHANGES YET

Although the police ordinance cutting off five men from the city roll, becomes effective today, no changes have been made in the roll. The ordinance, which was passed by the City Council, states that any person who is not a resident of the city and who is not a member of the police force, shall be removed from the city roll. The ordinance also states that any person who is not a resident of the city and who is not a member of the police force, shall be removed from the city roll.

USE STAMPS IN PLEA FOR EIGHT-HOUR DAY

A letter stamp campaign similar to that executed annually by the American Red Cross is being waged by the Labor Center Association of New York city in behalf of an eight-hour day. More than 5,000,000 stamps are being sent to labor organizations.

DUTCH STEAMER SUNK

(Associated Press Telegram)
London, March 29, 3:50 p. m.—Another Dutch steamer, the Duiveland, has been sunk. All the crew were saved.

MAYOR KELLER'S TRIAL APRIL 10

(Associated Press Telegram)
Toledo, O., March 29.—Carl H. Keller, former mayor, whose recent trial on a charge of bribery ended in a disagreement of the jury, will be placed on trial again about April 10 on another indictment. It is said. The cases of Lewis B. Tracy, captain of detectives, and William Delehan, former chief of detectives, in which both are charged with graft, are expected to follow Keller's trial.

Clarksville, Va., March 29.—Snappers employed in window glass factories at Salem, who struck last week demanding recognition of a newly formed union and an increase in wages, have returned to work. The men agreed to compromise their differences. Efforts are being made to settle similar strikes at West Union and Pennsylvania, Va.

WAR OVER VILLAGE PUMP

Columbus, O., March 29.—Civil war over the village pump threatens Western Star, on the line between Summit and Medina counties, and the 154 persons who live there. Twenty-four of the village's 37 voters want a pump. The council and 13 other voters do not. "To pump or not to pump" is the question state officials have been called on to decide.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. WM. GREEN, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Theatres

Alhambra, Tonight and Tomorrow.

Clara Kimball Young in "Camille." "Camille" belongs to that class which preys upon men, she markets her charms to Cotuit de Varville. Though he supplies her with plenty of money, she does not love him. Her affections are set upon Armand, a young lawyer from the country, who reciprocates her love, but their happiness is short-lived, for Armand's father demands that he abandon Camille. An exciting duel takes place between Armand and the Count in which the Count is wounded, which eventually reconciles the lovers.

The title role is played by Miss Clara Kimball Young, and it gives this popular young actress an opportunity to portray a part in which her many admirers will delight in seeing her.

There are many spectacular and emotional scenes in Camille, the strongest of these being a most realistic duel between the rival lovers.

At the Gem Tomorrow.

"A Knight of the Range," is a thrilling Red Feather photo-play the life of the cowboy in the west, a country where a man is rated according to what he is, not according to where he was born. Hoot Gibson wins special praise for he takes a hard part in the drama. He was born to the life he depicts. He is a prize horseman, having won several belts and large sums of money in his early days. In 1913 in Oregon he was named the world's all-round champion cowboy. He is also a dead shot.

The Garden of Allah.

There are many notable things as a playabout "The Garden of Allah," which comes to the Auditorium on Tuesday, April 11, but one that stands out most vividly and will be longest remembered is the magnitude of the scale on which it is staged. Every scene being notable either for its beauty or its novelty.

This magnificent production faithfully reproduces the story by Robert Hichens in his book, "The Garden of Allah," and was dramatized by him, assisted by Mary Anderson de Navarro. It is full of action from start to finish, flying from climax to climax, yet it carries that impression of vast solitude and the spell of the desert that are so prominent in the book, and the very characters seem things apart from real life.

The three important roles, "Boris," the monk; "Domini," whom he marries; and "Count Antonio," the desert dreamer and good friend of both, are in the hands of Wm. Jeffery, Alice Baxter and Howard Gould, respectively; and are portrayed so forcibly that one will imagine all three walking directly out of the novel itself.

Actor Farnum Fears One Thing.

William Farnum, \$100,000 a year star, who is seen in the William Fox production, "Fighting Blood," is afraid of mice, and he admits it. Mr. Farnum's courage in other respects is a matter of general admiration by photoplay actors and actresses.

Mr. Farnum's fear of mice is attributable to an experience of early childhood when, while lying in his cradle, he was bitten on the back of the hand by a mouse. Several days after the occurrence he became sick and delirious. Since then he has shared in common with women and elephants a fear of mice.

Auditorium tonight and tomorrow matinee and night.

The Mazda.

The Mazda Thursday will favor its patrons with another of those popular dramas in which the distinguished actress Betty Nanson appears. The drama is "Acquitted," and is a powerful photoplay in four parts.

PUNCH BOARDS MUST GO.

(Associated Press Telegram)

Findlay, O., March 29.—Because children have been discovered spending their change on punch boards, Chief of Police J. H. Crawford has issued orders that after April 1 all punch boards must be consigned to the ash heap.

Newark, Ohio

PROTECT YOUR HOME

Your home should always be protected against infectious disease by having ready for instant use a bottle of hydrochloric which is entirely free from acid. It is a reliable and very effective antiseptic which has a great many valuable uses right in the home.

Too many homes have been bereaved because germs of sore throat, scarlet fever and other infectious diseases have not been destroyed. Too many people have suffered with blood poisoning because no attention was given a scratch, bruise or hurt.

From any drug store get a bottle of hydrochloric. It is a powerful yet positively safe germ killer and it nips infection instantly. Better get it now.

General Laboratories, Madison, Wis.

ORDINANCE NO. 2579.

BY ADAMS.—

Determining to proceed with the improvement of Chestnut Street from Pearl Street to Buckinghams Street and from North Fifth Street to Buckinghams Street by constructing a sewer therein, the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring:

Section 1. That it is hereby determined to proceed with the improvement of Chestnut Street from Pearl Street to Buckinghams Street by constructing a sewer therein in accordance with the plan, specifications, estimates and profiles heretofore approved and now on file in the office of the Director of Public Service.

Section 2. That all claims for damages resulting from such improvement shall be paid by the City of Newark, Ohio, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 3. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 4. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 5. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 6. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 7. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 8. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 9. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 10. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 11. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 12. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 13. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 14. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 15. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 16. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 17. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 18. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 19. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 20. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 21. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 22. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 23. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 71. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 72. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 73. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 74. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 75. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 76. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 77. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 78. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 79. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 80. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 81. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 82. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 83. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 84. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 85. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 86. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 87. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 88. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 89. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 90. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 91. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 92. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 93. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 94. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 95. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 96. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 97. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 98. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 99. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 100. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

RESOLUTION

BY ADAMS—

Declaring it necessary to improve Eleventh Street from West Main Street to Granville Street by curbing and paving the roadway thereof.

Resolved, That the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring:

Section 1. That it is necessary to improve Eleventh Street from West Main Street to Granville Street by curbing and paving the roadway thereof.

Section 2. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 3. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 4. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 5. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 6. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 7. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 8. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 9. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 10. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 11. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 12. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service.

Section 13. That the whole cost of such improvement, less one-fifth thereof, and the cost of intersections, shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public Service, and the cost of such improvement shall be assessed by the Director of Public

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapepsin" is the quick-
est and surest stomach
relief.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

"This city will have many 'Pa-pe's Diapepsin' cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

OUCH! BACKACHE! RUB LUMBAGO OR PAIN FROM BACK

Rub stiffness away with small trial
bottle of old, penetrating "St.
Jacob's Oil."

Ah! Pain is gone!
Quickly?—Yes. Almost instant
relief from soreness, stiffness, lame-
ness and pain follows a gentle rub-
bing with "St. Jacob's Oil."

Rub this soothing, penetrating oil
right on your painful back, and like
magic, relief comes. "St. Jacob's
Oil" is a harmless backache, lumbago
and sciatica cure which never
disappoints and doesn't burn the
skin.

Straighten up! Quit complaining!
Stop those torturous "twitches" in a
moment you will forget that you
ever had a weak back, because it
won't hurt or be stiff or lame. Don't
suffer! Get a small trial bottle of
old, honest "St. Jacob's Oil" from
your druggist now and get this last-
ing relief.

INDORSES STAND TAKEN BY BEALL ON ELECTRIC LIGHT

Editor of The Advocate:
I wish to endorse the stand taken
by Mr. Beall on the light plant propo-
sition and add a "mite" more in ex-
posing a "rotten" deal for our citi-
zens.

The \$30,000 voted by the people
for the purpose of repairing the city
light plant is about to be expended
Council was, without any investi-
gation as to what is really needed,
authorized the Service Director to
advertise for bids to install a gener-
ating plant at the water works pump-
ing station and junk the old plant.

Are you aware Mr. Councilman,
Mr. Tax Payer, of the actual condi-
tion of the old plant, or are you
merely taking the word of some one
interested out of the city? Has an
investigation been made by a com-
petent mechanical and electrical en-
gineer to determine what is actually
needed? No. All the investigation
has been done by politicians "with an
axe to grind." Did the city of Colum-
bus go at it in this way to spend
their authorized bond issue for the
extension of their light plant? No.

They employed a competent engineer
to go over the plant and devise the
best and most economical means of
gaining the end sought.
Do you know that the poorest part
of our plant is the distribution and
not the generating system? What
can you gain in efficiency with a new
generating plant, using the same old
rotten distribution system and the
same old are (Noah's Ark) lamps?

What will \$30,000 do towards in-
stalling a new generating plant two
and a half miles out constructing
new transmission lines to the city,
rebuilding the old lines in the city
and furnishing new up-to-date
lamps in order to give us a respecta-
ble system? Another water works
deal, hey? Get it started and then
"holler" for more bonds.

Now the \$30,000 judiciously ex-
pended by a competent engineer in
that line (not a politician) on the
old plant would put the city in good
shape for lighting for years to come.
The water works construction en-
gineered by the (political) engineers
whose names are inscribed on a tablet
in the building was Newark's
"Waterloo." Do you want another
by the same, or same kind of en-
gineers in a light plant? If not wake
up before it is too late. A thorough
investigation of existing conditions
by a competent M. E. and E. P. in-
stead of a P. E. is the first thing
needed and would be money well
spent. Our distribution system is a
disgrace to any city and a menace to
all business in the city when a con-
stant source of danger and damage
to the telephone companies for
which the city may be held liable.
The condition of the generating
plant will compare favorably with
the other industrial plants of the city.
The general impression among our
citizens is, that when a light or a
current goes out or a tree or pole is
on fire, that the fault is at the power
plant, and when they call the plant
to report it the telephone fairly
sizzles with heat. This trouble is all
in the distribution system.

Wake up fellow citizens! Go after
your councilman with a "hit-slip,"
if necessary, before the next meet-
ing and demand a "square deal."
Like our "humble servants of the
people" open up for once and
show us the "Why" and the inside
"doings."

FRANK T. ELLIOTT,
66 Bolton Avenue

Granville

[Special to The Advocate]

Granville, March 28.—Great en-
thusiasm prevailed last evening,
March 28, in Recital Hall, which was
crowded even to the outer doors of
the residence with partisans of the
Cicero and Irving Literary societies,
lined up for annual contest. After
all the visitors' seats had been taken
a procession of young men wearing
caps of purple and gold, surged
down the north aisle where the big
banner with the date 1860, pro-
claimed the presence of the Roman
forces. Irving's banner on the op-
posite side of the stage, or rather
proscenium displayed the date
1893—and the Irvingites in red and
gold ensigns marched down the
south aisle to the music of fife and
drum. The Cicero girls followed,
carrying tiny balloons of red and
gold. The Cicero girls made their
entry to the sound of their own
singing. Rooms was spirited led
by John Martin for Cicero, and by
N. J. Runyan for Irving and the "defi"
heralded back and forth in rhythmic
yells and songs called forth applause
from the audience. Strong teams
represented both societies, and the
Ciceroians put forth noble efforts
in defense of the cup which had
been awarded them twice in suc-
cession. But the Irvingites succeeded
in wresting it from them—and the
decision of the judges was not ques-
tioned. The most important feature
of this, as of all other contests, was
the debate, and in this, the decision
was in favor of Cicero's champion,
L. Phillips. Phillips has won the reputa-
tion of being a snellbinder and no
team on which he has served has
not been defeated. In C. G. Ash-
brook he met a foe man worthy of
his steel, one who possesses a good
voice, pleasing personality, excel-
lent delivery and convincing argu-
ment, which he had thoroughly
mastered.

Dr. Hurdley made announcement,
that since the recent changes in the
Chinese government had taken place,
after the arguments of the debaters
had been completed, it had been
agreed to ignore them—and to pro-
ceed as if no such news had been
received.

Below is the program:
Presiding officer—Dr. H. R.
Hurdley.

Judges—Supt. J. A. Shawan of
Columbus; Joseph W. Horner, Prose-
cuting Attorney, Newark; Prof. Jno.

The Season's Line-Up of Spring Hat Fashions Demonstrated By Model Tonight

Everything new beneath Spring skies will be shown by living model in the clothing
window tonight—the cleverest hat productions for the spring season—also a style
demonstration of the celebrated "Frat" Brand Clothing.

WASTE OF WATER POWER LEAVES U. S. WITHOUT POWDER SUPPLY

Sen. Shields, author of bill
for Uncle Sam to make his own
nitrates for explosives right at home
by taking nitrogen from the atmos-
phere through water power, without
asking leave of any foreign nation.

Will Reduce Fertilizer Prices.
Besides making the United States
independent in its supply of what the
big guns eat, the pending legisla-
tion will, if passed, reduce the price
of the farmers' fertilizer by supply-
ing cheaper nitrates. It would also
immediately open the way for cheap
power for a multitude of other pur-
poses.

The proposed measures are not
political. They are regarded as not
only an essential part of the "pre-
paredness" program, but also as an
urgent economical necessity. Presi-
dent Wilson has urged legislation
to unlock the Nation's water powers
to use. Secretary of the Interior

has endorsed the Myers bill for
power-site leases in the public lands.
Former Secretary of War Garrison
urged strongly the need for passing
the Shields bill. Other prominent
men have given their approval to
these conservation measures. One of
the few sources of strong opposition
is reported to be certain groups of
big corporations which now have a
monopoly of power in their territory
and which are opposing development
which might lead to competition and
possible reduction in power prices.

Engineers, bankers, chemists,
business men and others who know
the practical side of the water power
business have told congressional
committees that the reason America
has none of these new industries and
the reason why seventy percent of
our water powers are running to
waste is because the present laws do
not offer terms upon which American
investors are willing to put their
money into these enterprises. Pend-
ing legislation, they say, will, if
passed, furnish the necessary incen-
tive to capital.

Those in charge of the legislation
say they are encouraged greatly
over the letters that farmers and
other citizens are writing to their
Senators and Congressmen in favor
of these bills.

WINDOW DRESSERS MADE VICTIMS OF A PRACTICAL JOKE

Twenty-five window dressers in
this city would like to become bet-
ter acquainted with the practical
joker who engaged them to call at
the law offices of Kibler & Kibler on
the tenth floor of the Trust building
at 9 o'clock this morning to
decorate the windows of that firm
for dress up week.

Messrs. Kibler & Kibler occupy a
suite of rooms on the tenth floor
rear and while their windows are
arranged so that a display would
show to advantage it could never be
seen except by the man or girl in
the moon or passengers who might
be making an airplane trip in that
vicinity.

Mr. Kibler, Sr., was rightly aston-
ished this morning when the ele-
vator brought a dozen window trim-
mers to his office and a few minutes
afterwards another dozen arrived.

They stated that they had been in-
vited by phone to call and decorate
his windows for dress up week so
that everything would be in readi-
ness for tonight when he was ex-
pected to throw his rooms open to
the public. There were dry goods
trimmers, druggists, electrical,
clothing, in fact every branch of
trade was well represented.

Mr. Kibler informed his callers
that the only thing he had in the
way of decorations would be law
books and old briefs. He was
heartily in accord with the spirit of
dress up week but he was certain
some one had endeavored to play a
practical joke on himself and son as
well as on the decorators. He
thanked them all for their kindly
interest in the matter and was sorry
that he could not accommodate them
with a proper line of decorations.

The gentlemen all left after assur-
ing the Messrs. Kibler that they
would be very much pleased to learn
the identity of the would be
practical joker, and that if they suc-
ceeded in doing so they would furn-
ish him with a line of decorations a lit-
tle out of the ordinary and not at
all to his liking.

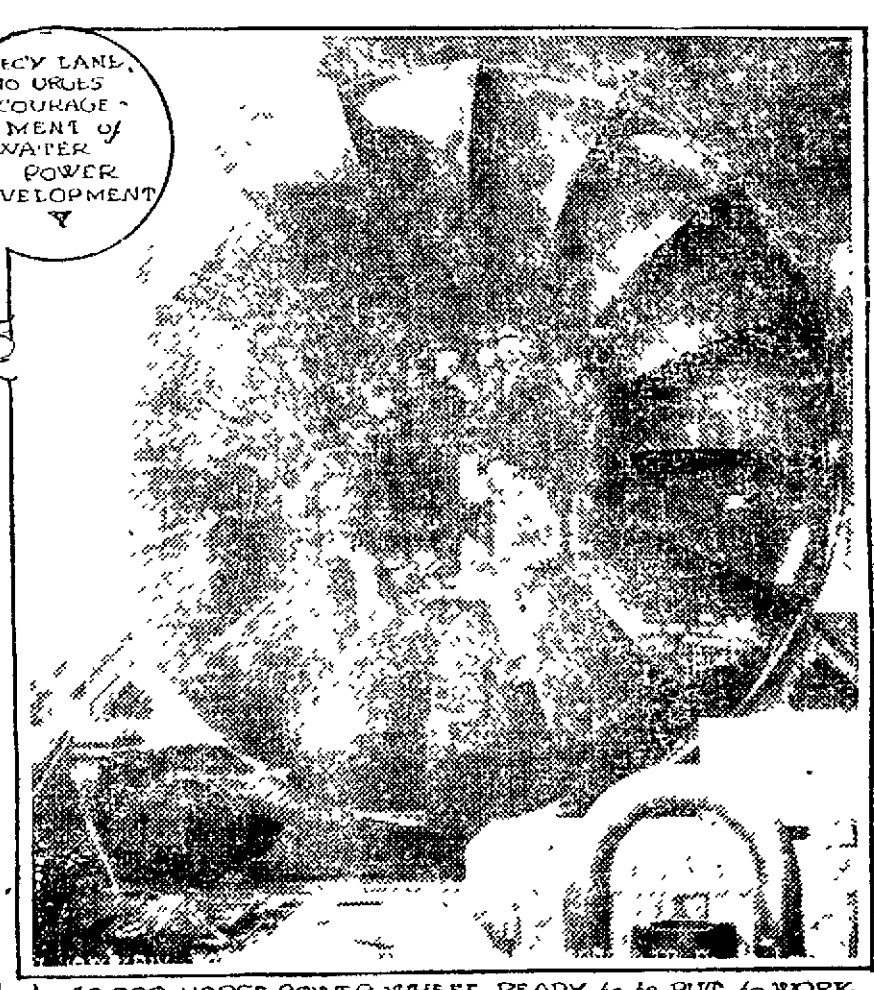

REV. L. H. STETLER, PH. D. AT
HOLY TRINITY THURSDAY EVE.
The Rev. Isaac H. Stetler, Ph. D.
of Falmouth, Me., will preach at
Holy Trinity Lutheran church
Thursday evening at 7:30 o'clock.
His subject will be "The Choice of
Two." This is the fourth of
Holy Trinity's Thursday evening
Lenten series. There are two more yet
to follow. The climax is to be reach-
ed in the service of Holy week and
Easter Sunday. The Rev. Dr. Stetler
is favorably known to Newark
people and will doubtless be greeted
by a large audience.

Distilled water is supplied to the
men in the United States Army. An
ingenious situation, and distilling
apparatus is mounted on an army
wagon and carried wherever the
troops may go.

Kilonis Is First Champion of Bulk to Appear Here; Victory in Glasgow Tournament Once

Newark fans have watched the work of the middle weight wrestlers here this winter with considerable interest. Several among them have held championships of one kind or another but Kilonis is the first light heavyweight champion to appear here. He claims to have won championship honors in a tournament at Glasgow several years ago.

No one will deny that Kilonis is a wrestler of ability. In the first place he was endowed by nature with a physique such as is needed by a wrestler and he has developed a wonderful set of muscles. And there have been times in his career when he has been glad to have the strength produced by these muscles.

Although the Friday night opponent of Champion Bowser is much heavier,

the higher man's speed and ability to stand the punishment of a stiff wrestling match is counted upon to bring him through without disaster. Bowser also has an old score to settle with Kilonis who is one of the few men who ever pinned Paul's shoulders to the mat.

Kilonis has agreed to throw two other men before taking on the new champion. These two men, still in the blackberry and Wallace both of whom are men of ability, though lacking in professional experience. Bowser expects that the Friday night match will be one of the most interesting to spectators of any of the matches staged this winter. He expects a lack of action and even intimates that legs of the round staff may be expected.

Friday night's match probably will be the last match before Easter.

CHAMPION LIGHT HEAVYWEIGHT TO WRESTLE BOWSER

John Kilonis, Salt Lake City, will meet Paul Bowser, local champion, in handicap match Friday night.

CHICAGO MAY WIN ALL FOUR 10-PIN TITLES

CITY ALREADY HAS THREE AND A CANDIDATE WILL ROLL IN THE CONTEST.

Winners Announced in the All-Events—Chicago Men Ties \$125 Prize in This Class.

(Associated Press Telegram)

Chicago, March 29.—Three cities will battle for the supremacy of the American Bowling Congress tournament met tonight at the Chicago, Chicago and Toronto, Canada, will roll off the tie for the individual title at the Terminal building. Two weeks ago Frank Shaw secured the title by defeating two days later by Ben Hughesman of Cincinnati, with the same mark. With the pair securing the title on the top ten Sam Seidman, a Toronto player, but a former star in the Illinois Bowling association, secured the title.

Secretary Lawrence ordered the three men to report for the final round of three games at 8 o'clock tonight.

Shaw was the only one who rolled all four of the championship pins in the present congress held at the Chicago.

Following are the leading winners in the all-events:

Frank Thoma, Chicago, 1419
Prize 1419
O. Kallus, Rochester, 1417
Prize 1417
E. Harkness, Ft. Wayne, 1415
Prize 1415
A. Warchuk, Omaha, 1413
Prize 1413
G. Bamber, Detroit, 1411
Prize 1411
C. Hildebrandt, Chicago, 1409
Prize 1409
E. Hanneke, Chicago, 1407
Prize 1407
W. McCall, Chicago, 1405
Prize 1405
H. Bayd, Chicago, 1403
Prize 1403
D. Jeff, Chicago, 1401
Prize 1401

SECRETARY OF MIAMI SYNOD TO SPEAK TOMORROW

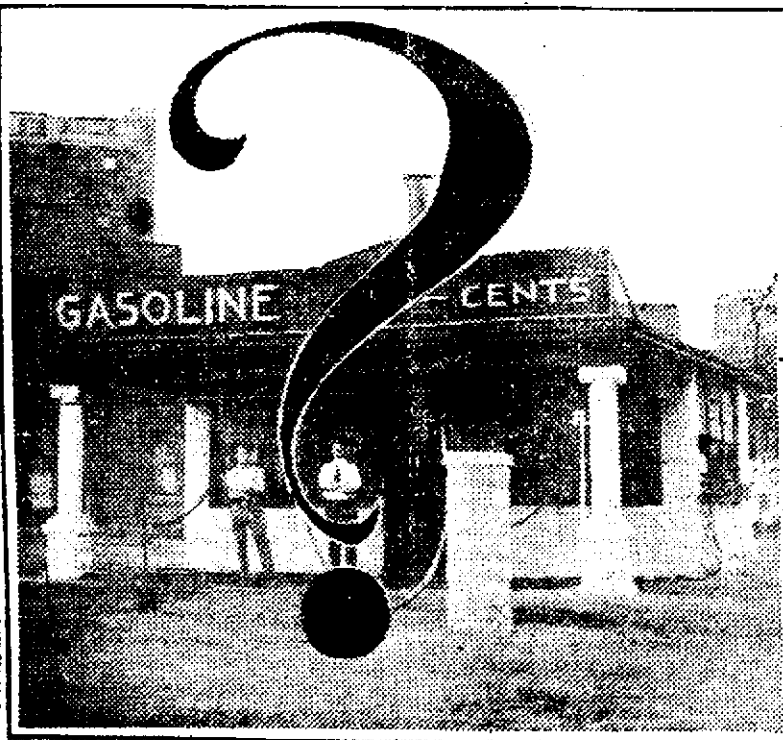

At St. Paul's Lutheran church tomorrow night Rev. Elton C. Dehanty, secretary of the Miami Synod, Lutheran church, will deliver an address "The Religion of the Future," as one of a series of Thursday evening sermons which have proven to be of great interest to the members of the congregation. The midweek services have been largely attended.

PSYCHOLOGIST AT POLICE COURT

(Associated Press Telegram)
Toledo, March 29.—Prof. A. W. Trettien of Toledo university, is co-operating with Police Judge James Austin in the study of criminal tendencies in those unfortunate who daily answer to the docket call. Prof. Trettien, a recognized expert in psychology informs the court whether in his opinion the offender is mentally responsible for his criminal acts. The innovation of science in the court's deliberations has met with marked success, it is said.

Many a woman sets her cap for a man it doesn't fit.

DISCUSS SOARING PRICE OF GASOLINE AT STATE CONVENTION

Investigation of the soaring price of gasoline will come before the annual convention of the Ohio State Automobile association at Akron, March 31 and April 1. Several hundred motorists from all over the state will gather to discuss traffic, highway and general problems. Reports are expected on the several investigations of the fuel situation being made by different branches of the government, and Ohio authorities will be asked to look into the question under the Valentine act.

The report from Washington headquarters will be offered by A. G. Kile is president.

TWINS' AGES DIFFER

(Associated Press Telegram)
New Lexington, O., March 29.—Dolores Juanita Flick was one week old last Monday. Her twin sister, Doris Margaret, was not a week old until Tuesday. This is why. The stork arrived with Dolores at the home of Joseph Flick, Mahoningville, this county, at 11:45 p. m. a week ago Monday night. Thirty minutes later, or at 12:15 a. m., he brought Doris. The stork wasn't discriminating in other ways, however. Each weighed exactly six and one-half pounds.

We never look up to some people and they are dead, and then we are absolutely certain we are looking in the right direction.

EAST MAIN ST. WINS FROM THE 4TH ST. SCHOOL

(Associated Press Telegram)

The Jones & Wesson team won three straight games from the Walker team last night in the Pastime League games on the Pastime alleys. Holman had high score and high average.

Tonight A. L. Norton vs. Arnold Jewelry Co.

You just breathe in fragrant, cool puffs of Prince Albert!

It's so easy to smoke; so easy to get acquainted with and call by its first name; so gentle and friendly to your tongue and throat! P. A. will absolutely delight you in a jimmy pipe or rolled into a cigarette; it will revolutionize any tobacco notions you ever had! The patented process fixes that—and cuts out bite and parch!

Prince Albert will shift you to the north side of smoke happiness quick as you hook it to a match! The flavor and coolness and the absence of stinging makes you so plumb cheerful, you'll do a tobacco tango to the tune of

PRINCE ALBERT

the national joy smoke

So, when we tell you, and men everywhere hand you the same say-so, that Prince Albert satisfies every little old desire in your cigarette makin' or jimmy pipe department, it's time to get in line! Do your little stunt of laying in a supply of P. A.

Roll some makin's cigarettes. It's easy-like, because Prince Albert is crimp cut, and stays put! Or jam a jimmy pipe brimful and get the delights of P. A. via the briar or meerschaum! It's all one and the same when it comes down to the amount of tip-toy hand-out per puff!

Buy Prince Albert everywhere tobacco is sold in tippyred bags, 5c; tidyred tins, 10c; handsome pound and half-pound tin humidor—and that corking fine pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such clever trim—always!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

SHORTAGE

OF WORKMEN ON RAILROADS SEEMS TO BE GENERAL COMPLAINT.

Not Only in Newark But in Roads About Cincinnati—Railroad News of Interest.

According to reports that have been reaching Cincinnati, the railroad shops of the East and Middle West find it difficult to hold their men, due to the fact that the munition factories are paying such high wages for mechanics.

The highest class of mechanics have all remained with the railroads as they are better paid than they would be in the munition plants. It is said, but the roads are handicapped in shortage of men, not the highest paid by the railroads, but skilled enough to claim top wages in helping turn out war orders.

On the railroads throughout Pennsylvania the shortage of men on repair work is more serious than anywhere else, and there are cases where the roads have had engines sent from the East of Ohio shops for needed repairs.

The principal shops in the vicinity of Cincinnati are Ivorydale, Cincinnati, Hamilton and Dayton; Washington, Ind., and Chillicothe, Ohio; Baltimore and Ohio; Riverside, Big Four, and Columbus, Ohio, Pennsylvania.

All these shops report a shortage of second-class mechanics.

Excursion Dates Announced.

The Sunday excursions from Columbus to Cleveland have already been changed by the Big Four and Pennsylvania Railroads. The first excursion will start Sunday, May 7 on the Big Four railroad and the Pennsylvania railroad will start May 14 and alternate each Sunday thereafter.

Train Makes Record Run.

Local railroad men are greatly interested in the report of a freight run from Seattle, Wash., to the east coast which Alexander Tingle, Assistant General Freight and Passenger Agent, Northern Pacific Railway, described on his visit to Cincinnati, yesterday.

It was a solid train, of 27 cars, carrying 27,000 cases of salmon, and worth, in round figures, \$100,000. Each of the cases contains 48 cans, and each can holds sufficient nourishment to feed three persons one meal. There was, therefore, enough salmon to furnish dinner for 3,800,000 persons. Stretched in a row the fish would reach 264 miles.

The shipment was handled from Seattle to St. Paul by the Northern Pacific and from St. Paul to Chicago by the Chicago and Northwestern. The train reached St. Paul from Seattle in six days and four hours, or seventeen hours ahead of schedule.

time. This is said to be remarkable for a mid-winter run. Representatives of all railroad lines used and of the shipper, B. E. Harris & Co., made part of the trip with the train.

A. H. Carlee, General Agent, Freight Department, Northern Pacific, said the shipment is a barometer of the prosperity wave sweeping over the country.

Flood Danger Passed.

Nearly all danger of flood condition along the Baltimore & Ohio railroad line has passed and the streams crossed by the company's tracks east are rapidly receding. The Muskingum, however, continues to rise slowly, but local officials do not believe that there will be any trouble from this source.

Car Shortage.

A national movement for co-operation between lumber manufacturers and the railroads has been started with an appeal by the lumbermen for co-operation in relieving the car shortage. The lumbermen are suffering from the lack of cars with which to ship their ordered product, the lumbermen not being able to get more than 60 per cent of their car requirements in many sections of the country.

Two Roads Want Increase.

Charleston, W. Va., March 29.—The Baltimore and Ohio and the Western Maryland railroad companies, have presented a petition to the West Virginia public service commission asking permission to increase from \$1 to \$2 a day demurrage rates on freight cars. The companies declare that the increase is necessary in order to get a speedier return of cars by shippers, which it is claimed would help to relieve the present car shortage.

FRENCH ATTACK GERMANS' WORKS SUCCESSFULLY

(Associated Press Telegram)
Paris, March 29, 12:15 p. m.—French troops made an attack last night on Avocourt wood west of the Meuse, where the German assault was made yesterday. The official statement today says the French carried part of the works which the Germans had constructed. The Germans made a fierce counter attack but were driven back with heavy losses. They made no other effort to recover the lost ground.

WHY HAIR FALLS OUT

Dandruff causes a feverish irri-
tation of the scalp, the hair roots
shrink, loosen and then the hair
comes out fast. To stop falling
hair at once and rid the scalp of
every particle of dandruff, get a
25-cent bottle of Danderine at any
drug store, pour a little in your
hand and rub well into the scalp.
After a few applications all dan-
druff disappears and the hair stops
coming out.

the Jitney shoe shining parlor on
West Main street, next to Mazda
Theatre. Tan shoes dyed black, 25c.
Special courtesy shown to ladies. 11*

Entertainment Postponed.

Owing to the inclement weather
the entertainment scheduled for
March 31st at Madison Chapel, has
been indefinitely postponed.

Circus Coming to Town.

The first circus of the season will
reach Newark on April 25th. T. W.
Ballinger, agent for Sparks World
Famous Shows was in town late yester-
day arranging for the coming of
his show. The circus opens the sea-
son in South Carolina, April 10,
plays Zanesville on April 24 and
comes here the following day.

Federation Meeting.

City Federation of Women's clubs
will meet in Taylor hall, Thursday,
March 3, at 3 o'clock sharp, so that
all may attend the open meeting of
the Women's Music club at Second
Presbyterian church at 4 o'clock.

Library Association.

There will be a meeting of the
Library Association Thursday after-
noon at 2 o'clock in the directors'
room of the Home Building Associa-
tion. Every member should be prompt.

"Drinkawiski."

Mansfield has a resident named
Drinkawiski. He was in police
court there Friday, not because he
had taken a drink of whiskey, but
because he had hit another fellow
with a piece of furniture when the
latter stopped at his home to inquire
as to the residence of a family that
he was hunting.

Ladies' Aid Society.

The Ladies' Aid Society of St.
Paul's Lutheran church has changed
the regular meeting day to the last
Thursday in the month and will
meet on Thursday afternoon, March
30 at the home of Mrs. Elma Pat-
terson, 215 North Fourth street.

Successful Sale.

A successful public sale was held
on the farm of County Commissioner
Orville Kiger on the Zanesville-New-
ark pike yesterday. Horses brought
from \$51 to \$127, cows from \$50 to
\$74. Mixed hay brought \$13.50 per
ton. A large crowd was in attend-
ance.

Presented With Twins.

Twins, a boy and a girl, arrived
at the home of Mr. and Mrs. Fred
Fenneken, 371 Maple avenue, early
this morning. The boy weighs seven
pounds and the girl eleven. Mr.
Fenneken is a valued employee of the
Consumers' Brewing Co., and today is
wearing a smile that won't come off.
He is being tendered congratulations

by his fellow employees and his nu-
merous friends over the city.

Mr. J. J. Ford, of Elmwood

avenue, who has been suffering with

an abscess of the left ear, is now im-
proving.

Will Join Circus.

George A. Risher, cornet player

with the Fields' orchestra today signed

a contract for the coming season

with the Sparks circus. He will fill

the position of assistant cornet solo-
ist with the show, which opens next

week. Mr. Risher will leave Monday
for Salisbury, N. C., to join the show.

Bumper was Damaged.

Applying his foot to the throttle

pedal instead of the foot brake,

Councilman Dick Curry at noon to-
day caused his machine to collide

with a wagon in Church street near
Stewart Brothers & Alward's. The

bumper on his machine was damag-
ed. Mr. Curry is driving a new car

and momentarily forgot the location
of the foot pedal.

Didn't Need Ambulance.

A woman living in Jacksonville,

fell down the steps at the north en-
trance to Cedar Hill cemetery on

Cedar street this morning and was
severely bruised. She refused to ride

in an ambulance which was called
and left in her own buggy, without

giving her name.

Mexican Veteran Ill.

Henry Fleming, 92, 129 South

Fifth street, one of the two surviv-
ing Mexican war veterans in Lick-
ing county, is critically ill at his

home, the result of a stroke of
paralysis suffered Tuesday afternoon.

Dr. W. L. Jackson, attending physi-
cian, entertains little hope for the

aged veteran's recovery.

NEW YORK CENTRAL'S

(Continued from Page 2)

learn if his nephew, Fred Wheelock,

of Buffalo, N. Y., was engineer on
the Century Limited train.

A number of telephone inquiries

were received at the Advocate office

from Newarkites who had friends

traveling on the Century Limited

train. Up until late this afternoon

no serious injuries were reported to

have been suffered by passengers on

the above mentioned train.

IRA FLEMING ON LIMITED.

Ira Fleming, advertising man-
ager of the George P. Ide & Co.,

Troy, N. Y., was on the 20th century
limited which was wrecked this

morning, escaped unhurt on his way
from Troy, N. Y., to Chicago. He is

a son of Mr. W. A. Fleming of 139
Day avenue.

"Swat the Eggs"

Better Than

"Swat the Fly"

"SWAT the fly" is a good warcry,
but it is like locking the stable

after the horse is stolen. There
is a better one, "Swat the eggs." Prob-
ably every magazine and newspaper

in the United States printed last sea-
son from one to a score of arraignments

of the common housefly—the disease
breeder, the typhoid fly, the infantile

paralysis fly; in a word, the twentieth
century pest, an enemy of mankind

"Swat the fly" has become the slogan
of the day.

For every fly killed in June there will
be 10,000 less in July, 1,000,000 less

in August and by September the
most ambitious boy, eager to earn the

prize for the greatest number of flies
killed, couldn't possibly lift the progeny

of this single fly which escaped him in
the springtime. All very true, but

where will all those flies lay their eggs
and rear their precious babies? Can

we find the nests, can we destroy them
by wholesale, the larvae or the eggs?

We can, easily and cheaply, and every
city with ordinary regulations may be-
come a flyless town. Flies breed in

Be One of Those to Wear A New Spring Suit "Dress-Up" Week

It will be a pleasure to be pointed out as one of the well dressed women of our city, when so many are answering the call of "Dress-Up."

Don't wait until Easter, which is nearly a month away, before you appear in your spring apparel. Think of the time you will be deprived of wearing your new garments. There is a great deal of satisfaction in wearing the new styles while they are new, and then you have a much longer wearing season, by buying the new things early.

SPRING IS HERE and from now on, will be just the time you will be needing the lighter weight garments. Make your selections now — stocks are complete with all the novelties shown for the coming season.

It's Surprising What Beautiful Suits You Can Get Here at \$25.00

Suits with all the style of the high priced suits—made of splendid materials—and nicely tailored. Such beautiful styles to select from in black and white checks, wool poplins and serges in colors such as green, tan, navy. Silk poplins in gray, tan and copen. Be sure to see our showing at—each\$25.00

The New Spring Coats Introduce Many Clever Ideas

Never were coats so beautiful as now. The smartness of the models shown will delight every woman. There are loose and belted styles, and the wide range of styles and materials, will make it an easy matter to select the style best suited to you.

Beautiful Coats at \$15.00 Each

All the wanted styles—materials such as black and white checks—novelty mixtures—black, navy, tan—plain fabrics and covers are shown in many stylish models at—each\$15.00

Dresses Show Many New Features Handsome Ones \$15.00 to \$20.00 Each

Let us show you the many new styles we are showing at these popular prices. Shantung plaid silks, crepe-de-chine, taffetas and soft silk are shown in many novel effects. Some with a combination of Georgette crepe, while others show dainty lace and ribbon trimmings. Colors such as gray, rose, navy, tan and black are shown at — each \$15 to \$20

You Will Like The New Middy Blouses at \$1.00 Each

Square

don't say MY advertisement.' 'See what I have built up.' Say 'our.' You've got to have the 'we' spirit. You must have confidence in your merchandise. It's better to cry after it than over it. The reason you have so many holdovers and mark-downs isn't because you want to give the trade the benefit of good merchandise but to cover your poor judgment in buying.

"You get out of the world what you give. If you give the best you have you will receive the best. Give your co-workers a smile—a 'good morning.' Remember there are a lot of good fellows in a crowd that are not fit to live with at home or in business. Get out of the army of discontent and join the crowd of meritment."

Mr. Raymond spoke until 10:30 o'clock. Not a man left the room while he was on his feet. At the conclusion there was a storm of applause and immediately a movement was started to bring him back to Newark. In two minutes 342 tickets were sold for two lectures. The merchants expressed the belief that the High school auditorium will be packed when Mr. Raymond delivers his two lectures on April 13 and 14. Supr. Hawkins asked if the speaker would address the students at the High school and Mr. Raymond said he would be glad to give the boys and girls a half hour's talk when he returns to Newark in April.

A splendid turkey dinner was served at the Warden. Between the courses President A. R. Lindorf, acting as toastmaster, called for the reports of officers and introduced a half dozen Newark men who spoke briefly. Secretary J. V. Haas was the first to speak. Mr. Haas' report showed a growth of membership from 57 to 115 during the year. In the past year 19 advertising propositions were submitted but not endorsed, making a total saving to members of \$4,500. Three trading stamp schemes were rejected. The Association was successful in having one of the city officials decide to make all purchases in Newark instead of buying away from home. Mr. Haas reported that the credit rating system had proved to be very successful, the Association now having 16,000 cards on file.

Treasurer A. S. Stephan submitted his report showing the receipt and expenditure of about \$1,600 with a balance on the right side of the ledger.

C. H. Spencer gave reasons why members should stand by the organization and suggested that the association get behind the annual clean-up of the city as it did a year ago.

R. B. White, the lumberman, one of the younger members of the Association, told what the Association could do for the young business man and gave many good reasons why all young business men should be identified with the organization.

"Harmony" was the theme assigned to A. Schiff by the toastmaster, Mr. Lindorf. Mr. Schiff defined the word according to Webster and in a delightful five minute talk told that success comes from harmony and can not otherwise be achieved. "A general on the battlefield to be successful must have harmony among his men," said Mr. Schiff. "A captain of a baseball team, no matter how many star players he has on his pay roll, unless there is harmony among all the men, can not win. Even the church without harmony can not flourish. Harmony in the home will give the divorce judges ample time to go fishing and golfing." Mr. Schiff spoke of harmony in politics and business and in a community. "Let's get intoxicated with enthusiasm, let's all pull together in harmony for the one goal, a better and bigger Newark. Then watch results."

Frank S. Neighbor was asked to give his opinion on the value of the merchants county tours. Mr. Neighbor said that the merchants trips over the county last year were productive of good, but he made some splendid suggestions for improvement of the service, advocating a central gasoline station, a band accompaniment and elimination of advertising specialties that were used last season. Mr. Neighbor said that the merchants trip should be a dignified affair with the object of extending acquaintance, promoting good fellowship and making the country people understand that they will be welcomed and treated right when they come to Newark.

Prof. Wilson Hawkins, a guest of the Association, was asked to tell how Newark could secure a state normal school. First, Mr. Hawkins told of the great advantage of such an institution and in this connection paid a tribute to Denison University (Newark's college) which is only 30 minutes ride from the Newark public square. He said a normal school would bring 2,000 students and would mean the expenditure of a million dollars for buildings. The state has four normal schools but none in the central part of the state. The way to proceed would be to get the legislature to vote to establish a central normal school and then to persuade the commission to select Newark. Mr. Hawkins pointed out the fact that a clean city, a well governed city would be a strong factor in the selection of the site for such an institution.

Frank L. Beggs was called by the toastmaster. Mr. Beggs was assigned no subject but he spoke in a happy vein on the work accomplished by the organization during the past year—the merchants' and farmers' picnic, the biggest affair of the kind ever held in Licking county; the merchants' tour; the transcontinental telephone demonstration; the reception of the Zanesville visitors; the Columbus automobile party; the automobile and Chaplain parades; "clean-up" day, and the strengthening of friendship between the city and farm folk.

The election of five trustees for the ensuing year resulted in the selection of Messrs. George Hermann, W. H. Mazey, Jesse D. Elliott, A. S. Stephan and A. R. Lindorf. The board will meet later to organize.

REMOVE UNION

(Continued from Page 1.) of the Willys Overland automobile company, officials stated.

Scenes of violence were lacking and reports from all sections of the city indicated that the car men were conducting themselves orderly.

A special meeting of the council will be called, Mayor Milroy said today, to regulate the fares to be charged passengers of "jitney" busses if their owners persist in demanding unreasonable rates. In some instances passengers have been obliged to pay as high as 25 cents for transportation. Every conceivable kind of a vehicle has been pressed into service but the supply has proved utterly inadequate.

President Frank Coates, of the traction company, stated today that no strike breakers would be imported and indicated that no attempt to restore car service would be made until Doherty's arrival tomorrow.

Police have been stationed at each of the car barns but no violence is expected.

Thus far car men have asked for nothing other than that they be permitted to wear their union's emblem. Demands for increase in wages and shorter working hours will be made, it was said, if speedy adjustment of present differences is not effected.

FEARS

(Continued from Page 1.) the rise and little damage is expected to result.

Contrary to expectations the flood mark in the Ohio river was barely reached today when the stream became stationary and all danger of disastrous high water passed. Damage to property was confined principally to the Allegheny river section, although the lowlands along the Ohio river were under water.

RELENTLESS

(Continued from Page 1.) taken by General Pershing to close in on the bandits.

Conditions on the east and west coasts of Mexico were reported to be generally satisfactory. Reports of lawlessness in the Lagun region

The Store That Serves You Best—East Side Square

BUSINESS

(Continued from Page 1.) clerks and other citizens may have an opportunity to hear him.

Mr. Raymond said in part: There are three stages of growth in life. First, infancy, which covers that period from birth to the age of 25, during which the full growth is obtained. Second, from the age of 25 to 45, which is the mental growth period. After that the age of reaping the harvest.

There have been very few who came into national or international prominence until after age of 45. Those who did slipped over and afterwards were sorry for it.

"There are four classes of workers. The first of these is the indifferent worker—the lowest grade. How many of you men have persons employed in your stores who are working only for what they expect

to get in their pay envelope at the end of the week? Then again, how many of you are indifferent workers yourselves? How many of you don't care? How many of you come into your store or place of business with a smile or cherry 'Good Morning'? That doesn't cost you anything and a little thought will make your employees work with you instead of for you.

"The second class of employees are the students. The ones who observe to see what they have to get what they want. Are you men students of yourselves? Do you try to see all you have? Turn the mirror on yourselves. Success comes from within. It's up to the man at the helm to guide and the merchant is known not by the clerks he 'fires' but the clerks that he keeps.

"The third class is made up of the skilled man. The one who knows what he has and uses it to fit what he wants. Do you sell the goods you have to your salespeople or do you shove it over to them and say, 'Here, sell these for \$8 a pair?' You have so many 'hold-overs' on your shelves because you haven't sold your goods to the salespeople. They don't like the stuff and consequently they don't create the demand for it.

"Another important item. Have you confidence in the community in which you live? How many of you believe in Newark? Don't you often knock Newark indirectly? A knocker never wins and a winner never knocks because he is too busy. "I don't like your slogan 'Trade in Newark,' that blazes from the top of the Trust building. That puts it directly up to the customer. It should be 'Try Newark First.' Then it would be up to the dealer to make good and if the customer liked the goods and the treatment he would come back again and be glad he tried his home town first.

"How many of you try Newark first? I'll tell you. You try Newark first when you can get something for nothing.

"How many of you read the local papers? And how many of you read the Columbus, Cincinnati, Cleveland and Pittsburgh papers? You'll read the local papers first when some of you go on a big trip or some of your friends have a social event of importance. Then you call them on the telephone and ask them to put it at the top of the society column.

"Next you must have confidence in business conditions in business conditions in Newark. You must have confidence in your co-workers. Don't say 'Look at MY business,

It is cheaper to make a new floor with the Chi-Namel Graining System at 2c per sq. ft. than to buy any other floor covering—and you'll like it better. We'll count it a privilege, rather than a trouble, to show you how, at our Chi-Namel counter.

Come to our store April 7 and 8 as our lady demonstrator will be here to show you how easy it is to beautify your floors and furniture.

were contained in a report received by the state department.

It was said General Trevino has arrived at Torreón and will institute an energetic campaign against the lawless element.

Aeroplane manufacturers have evinced a desire to co-operate very closely with the government in developing satisfactory war planes. Secretary Baker said today. They have suggested a testing ground at some central point where new types may be tried out by army aviators. Mr. Baker acknowledged that some such plan would be adopted by the department and that the eight planes that are needed by General Pershing obtained as soon as possible.

ALL KINDS OF WEATHER.

Indicate the use of Sheeran's Cream of Quince Seed. It soothes, comforts and adds new life to the skin exposed to winter weather. It excels in keeping the face smooth and clear and the hands soft and white. Price 25c. Evans Drug Store.

Former Dresden Man Dead.

Columbus, March 29.—Joseph Austin, aged 56, 385 East Spring street died yesterday at St. Clair Hospital from cancer. He had been ill three weeks.

Mr. Austin had been a resident of Columbus 15 years, coming here from Dresden.

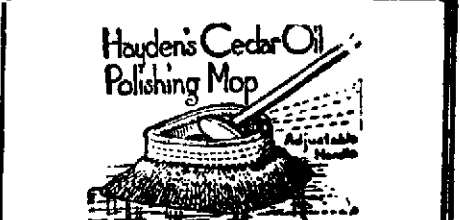

His widow and two sons, Frank and Werner Austin, survive.

Struck by Lightning.

Coshocton, O. March 29.—Daniel Patterson, 19, living near Newcomerstown, was struck by lightning Monday night while milking cows in the barn. The boy's clothing and the barn were ignited by the bolt. The boy's father, though stunned by the bolt extinguished both fires and carried the lad to the house. His condition is serious but he will recover.

Ancient.
"Are you going to the fancy-dress ball?"
"Oh, yes."
"In what garb?"
"I shall wear one of the quaint old costumes of 1905."—Kansas City Journal.
